## WEALTHY FARMER IS PUT IN JAIL

Sheriff Jones Has to Call on Two  
Deputies to Deal With Charles  
Westover, Who is Insane.

### COMPLAINT BY NEIGHBORS

Westover is Victim of Imaginary  
Fears And Will Likely Be Sent  
to Private Hospital.

Charles Westover, a prosperous farmer living northwest of Falmouth, was in jail today awaiting the result of proceedings designed to confine him for treatment for insanity.

Westover, who owns a good farm and is said to be worth at least \$30,000, was arrested last night by Sheriff Jones and his deputy, Hugh Jones, but not until after some difficulty, because of Westover's declared intentions not to go to jail. On account of Westover's size and strength, Sheriff Jones had to deputize two other men before the prisoner was placed in jail.

Although the original plan was, when neighbors filed insanity proceedings against Westover, to send him to the Southeastern Indiana Hospital for the Insane, Mrs. Westover was making an effort today to have her husband committed to a private asylum at Oxford, Ohio, where he has been previously for treatment, but was released as cured.

According to persons living in the neighborhood of Westover's farm, he was a victim of imaginary fears. It is said that he believed all of his neighbors were against him, that they were trying to rob him, and that they suspected him of being guilty of several bank robberies which have taken place in this part of the state. Westover's fear of being robbed led him to do all of his banking in Indianapolis, where he was not known.

Conditions finally reached the stage where neighbors were afraid that Westover would harm someone, and they filed proceedings against him yesterday afternoon. They state that Westover's mind has not been right since a fight he had with his brother-in-law fifteen years ago when he was hit on the head with a rock.

Sheriff Jones met Westover and his wife at the gate of their barn lot as they were returning from Connersville. Westover first said he would not go to jail, but finally consented after considerable persuasion on the part of the sheriff, who wished to avoid any trouble.

Several times on the way here in the automobile, Westover regretted having consented to come, and when he reached Rushville declared that he would not go to jail. Westover weighs about 250 pounds and is as stout as an ox, so the sheriff drove to Will Spivey's store for assistance. Mr. Spivey, who was formerly the sheriff's deputy, and Will Redman were deputized to help put Westover in jail, and it required their combined efforts to wear him out before he gave up. In the scuffle Westover was hit with the mace, but it did not seem to effect him, and once he snatched a mace from one of the officers and struck Mr. Redman on the arm.

### WESTPORT WOMAN DIES.

Word was received here today of the death of Mrs. J. T. McCullough of Westport. Mrs. McCullough was the mother of Harold McCullough who taught in the Milroy public schools a year ago. Four of her sons were in the service, one still being overseas. Harold is now employed as assistant cashier in the Westport bank.

### ROYAL PURPLE DEGREE

Bernice Encampment No. 12 I. O. O. F. will confer the Royal Purple degree Friday night. Lunch will be served after the business meeting.

## ATTENDS FINAL SESSION

Judge Sparks at Farewell Meeting  
of State Defense Body

Judge Will M. Sparks went to Indianapolis today to attend the farewell meeting of the state council of defense, which will close with a banquet tonight. The final session of the organization, which will cease to function because it was created on account of the war emergency, was to have been held more than a week ago, but was postponed on account of the death of the father of Will H. Hays, who was the first chairman of the council. Judge Sparks was elected to the council after the death of Charles W. Fairbanks.

## UNAWARE OF CHANGE IN TAXATION LAWS

Phone and Telegraph Companies  
and Domestic Corporations Fail  
to File Reports

### SHOULD BE IN BY APRIL 1

On account of a change in the taxing laws of which few are aware, telephone and telegraph companies and other domestic corporations in the county have not complied with a clause of the new statute which provides that they shall file their schedules for taxation purposes with the county auditor by April 1. The auditor in turn is instructed to send the schedules to the state tax board which will assess all such corporations.

Previously all domestic corporations have been permitted to file their valuations for taxation purposes any time during the assessing season, which ends May 15. It is because they do not know of the change that such a small percent have complied with the law. Out of seventeen telephone and telegraph companies in the county, twelve have filed their schedules. There are twenty-six domestic corporations here, but only four have complied with the law. Eleven of the thirteen banks and four building and loan associations have reported.

## MUNICH IS ISOLATED FROM REST OF COUNTRY

Fighting Increases in Intensity. Ar-  
tillery Battles Being Waged  
Day and Night

### HAMBURG POLICE POWERLESS

(By United Press.)

Berne, April 17.—Munich was still isolated from the rest of Germany yesterday, but wireless advices indicated that the fighting between socialist and communist forces is increasing in intensity. The deposed Socialist government reported to have gathered reinforcements and established a new hunger blockade. It has been announced the blockade will be turned against the middle classes, apportionment of food being limited to workmen and soldiers.

Wireless dispatches said that a great artillery battle is raging day and night with heavy casualties and great property loss resulting. All workmen in Munich are armed. Churches have been seized by the Soviet troops, the towers being used as observation posts. Business is practically at a standstill. Terrified non-combatants remain indoors.

Street fighting still continues in Hamburg, according to reports received here today. The police are said to be powerless and authorities called for heavy reinforcement of government troops. Shops and stores are being pillaged.

## MAY SIGN PEACE TERMS BY MAY 15

Germans Expected to Act by That  
Date. After Receiving Treaty  
April 25, It is Stated

### FACTS WITH OTHER POWERS

Reported Agreement to Furnish  
Russians Food Will Bring En-  
tire Situation to a Head

(By United Press.)

Berne, April 17.—The German reichstag has appointed its new delegates for the peace commission, it was semi-officially reported today.

The new commission, it was said, is composed of Herr Fehrenbach, three vice-presidents of the chamber and 28 members, including Hugo Haase.

Paris, April 17.—Peace will be signed with Germany by May 15, according to the best information obtainable today. That date is understood to have been set as the time limit for the enemy to accept all conditions of the treaty.

Then Austrian, Turkish and Bulgarian representatives probably will be summoned to Paris, simultaneously, soon after the treaty is handed to the Germans on April 25.

The disposition today was to believe that the treaties with those countries, which are understood to be much less complicated, might be signed as soon as the treaty with the Germans.

The least tentative date for President Wilson to arrive in Washington will be between May 29 and 25. This indicates, the American delegates believe, the Germans may accept the treaty before the expiration of the proposed time limit.

The reported agreement to furnish food for Russia is expected to bring the entire Russian situation to a head. Some difficulty was anticipated, however, in putting a stop to all fighting in Russia. The anti-Bolshevik factions are openly opposed to the plan to feed Russia and have indicated their intention of continuing to fight the Soviet forces.

The majority of the delegates appear to believe the period between April 25, when the treaty is to be submitted to the Germans and May 15, would be sufficient for the German government to debate all the provisions and formerly ratify them. It was pointed out that unless some curb was established on the time German consideration of the treaty would be drawn out indefinitely.

The invitation to the Germans appeared to have been forwarded before all the belligerents had the opportunity to sign it. It is understood to have been taken by courier to Spa on Tuesday, at which time only the five great powers had signed the text. The 18 smaller nations were called in yesterday and the document read to them by Premier Lloyd George, after which the additional signatures were affixed.

The document bearing the signatures of the smaller nations, it was reported, was hurried to Spa in the wake of the first message.

The German treaty probably will be worded both in English and French but not in German.

The agreement to supply Russia with food under supervision of a neutral commission, reached by the allies late yesterday, was expected to go forward at once. According to un-official information the agreement stipulates the Bolsheviks must cease hostilities on all fronts.

The attitude of the five great powers toward the peace situation today appeared to be as follows:

United States—The Germans having been notified to appear in Versailles on April 25, the treaty must be whipped into shape as speedily as possible, also keeping in mind

## NEGROES HELD FOR KILLING OFFICER

Two Suspected of Murder of Elmer  
Robbins, Big Four Detective at  
Greensburg, Arrested

### ARE CAUGHT IN INDIANAPOLIS

Kill Detective While Trying to Bring  
Whiskey in on Freight—  
Robbins Known Here

(By United Press.)

Indianapolis, Ind., April 17.—Two negroes suspected of killing Elmer Robbins, of Greensburg, Big Four railway detective, early today, and of running liquor into Indiana, were taken from a Big Four freight train when it pulled into this city today.

Twenty-two one-half pints of whiskey were found in one of the coal cars. It was thought the negroes killed Robbins at dawn early this morning, when detectives and the authorities stopped the freight train, one-half miles east of that city.

A revolver with one cartridge fired was found in the car from which the negroes were taken. Three one-half pints of branded whiskey were found on the men also. The negroes told a confusing story to the police when questioned as to where they had been.

Robbins was called from his bed early this morning by detectives and the police, who had forced the negroes from the train. The detectives and Robbins started from car to car, looking for the liquor, when the negroes suddenly shot Robbins through the heart. The negroes jumped from the train and hid in the woods nearby.

When the train started the negroes are thought to have boarded it again and come on to Indianapolis with their liquor. The negroes arrested claimed Indianapolis as their home.

Surviving Robbins are a widow and a son.

Robbins was well known here, having had frequent dealings with Sheriff Jones, Chief of Police Seward and members of the Rushville police force. It was only a few days ago, Sheriff Jones recalled this morning, that Robbins was here on an investigation relating to a Big Four robbery.

The sheriff was called at 3 o'clock this morning, he said, and warned to watch for the negro who is alleged to have killed Robbins. It was thought that he might be in this vicinity because the Greensburg police chased him towards Rushville and then lost trace of him, but the above dispatch indicates that the one who was guilty of the shooting boarded the train again.

## URGE WILSON TO REMOVE BURLESON

Prominent Democratic Leaders in  
Boston Cable President as  
Outgrowth of Strike

### WRECKED PARTY, THEY SAY

Boston, April 17.—Prominent democratic leaders today cabled to President Wilson, calling upon him to "remove Burleson" and thereby settle the telephone strike.

The cable follows:  
"Burleson wrecked party, remove him and settle strike."

Between 18,000 and 20,000 operators and other telephone employees are on strike in New England today.

It was openly predicted in many quarters today, that if a settlement is not reached in a short time, a general strike of all laborers may be called.

## 1,000 IS SET AS THE GOAL

Special Easter Services For Chris-  
tian Sunday School.

The Easter spirit is rife among the workers of the Main Street Christian Bible school in their efforts to make next Sunday morning's service a high water mark in its history. As, in the springtime, all nature evinces a wakefulness from the lethargy of winter, so is the school making every laudable endeavor to reach its Easter goal of 1,000 in attendance. Every class is hard at work, a splendid program including fine musical numbers is being prepared and altogether a sumptuous treat is in store for all those who attend. The Bible school begins at 9:15. Special programs will also be rendered at both services of the church.

## BROTHER OF ED. PERIN LOSES LIFE IN RIVER

Earl Perrin of New Orleans Drowns  
in Mississippi When Boat is  
Hit by Tug and Capsizes

### HIS BODY IS NOT RECOVERED

Word has been received here of the death of Earl Perrin of near New Orleans. Mr. Perrin as a brother of Edward Perrin, superintendent of Pinnell-Tompkins Lumber Co. planing mill. The message received by wire revealed that Mr. Perrin and two other men were on a skiff on the Mississippi river, which was struck by a tug and capsized. Mr. Perrin was drowned but the fate of the other men was not learned. It also stated that the body had not been recovered and probably would not be.

The deceased was born in Columbia, Fayette county, and was thirty-six years of age. He was employed as a ship carpenter and it was thought that his trip on the skiff was in the line of duty. He is survived by a widow, three children, three brothers, Fred and Perry of Connersville and Edward of this city, and one sister, Mrs. Charles Myers of Connersville.

## ROUND ROBIN ISSUED BY G. O. P. ASSOCIATION

Protest of 39 Senators Against  
League Called "Second Declara-  
tion of Independence."

### SIGNATURES ARE INCLUDED

(By United Press.)

Washington, April 17.—Under the caption "Second Declaration of Independence," the Round Robin, which presents the views of 39 senators and senators-elect, all regarded as opposing the league of nations in the form proposed, was issued today by the Republican publicity association.

It is apparently lithographed, bearing all the signatures of the senators; then the text of the resolution that the league of nations as submitted "should not be accepted by the United States," closing with the signatures of the senators.

"In preparation of this," the Republican Publicity association announced it had "endeavored to give the prominence it deserves." The first declaration gave freedom to 3,000,000 American colonies, the second declaration preserves that freedom to 110,000,000 American citizens, freedom not only from future domination by the nations of Europe and Asia but freedom from the very present menace of autocratic control of the legislative department of the government by the executive, it said.

## EACH MEMBER HAD SONS IN THE WAR

Committee is Named to Represent  
Rush County at Indiana's Wel-  
come Home Celebration

### APPOINTED BY T. M. GREEN

Large Crowd is Expected to go From  
Here For Biggest Event in the  
State's History

T. M. Green, chairman of the county council of defense, today announced the names of the members of the committee of twelve which will represent Rush county at the homecoming celebration for Indiana's war heroes in Indianapolis on the occasion of the return of the Rainbow division.

The committee represents eight of the twelve townships in the county and is unique because of the fact that every member had one or more sons in the service, and some of them were wounded. Mr. Green is a member of the committee on instructions from the state organization in charge, which requests that the county chairman himself act with the committee.

Mr. Green was mailing out letters today to the appointees, notifying them of their appointment. He informed them that their names had been sent to Indianapolis and that they would be notified from there of the date they were expected to be in Indianapolis for the Welcome Day ceremonies.

The committee is composed of the following men: Lieu Oneal, John C. Blackledge, Charles J. Caron, the Rev. C. J. Bunnell and T. M. Green of Rushville, Elmer Hutchinson of Arlington, Jesse Shelton of Manilla, Samuel B. Kirkpatrick of Center township, Rice Hill of Carthage, David O. Alter of Orange township, Ed Laughlin of Falmouth and Wiley McKee of Milroy.

It is expected that the attendance from Rush county will be large at the celebration as it will be one of the biggest events in the history of the state. Today's Indianapolis newspapers announce that a fund of \$100,000 is assured to pay the expenses of the celebration.

To dispel any impression that may still remain in the minds of Hoosier citizens that the Welcome Home celebration now being planned is exclusively in honor of the Indiana heroes who are returning with the 150th Field Artillery and Base Hospital 32, Mayor Charles W. Jewett of Indianapolis has issued a statement in which he sets out most emphatically that the celebration is to do honor to every Hoosier who wore the uniform of the army or naval forces, whether at the battle front, in the beleaguered naval zones, at the training cantonment, or at the naval training station.

"Some people are still under the impression," said the mayor, "that the Welcome Home celebration which is now being planned, is in honor of some special unit or regiment. This is not the case. The plan as originally laid out is now being followed, which is to have this occasion one grand welcome for all of the soldiers and sailors who were in the uniform of the government irrespective of what units they belonged to."

"The welcome will be the greatest occasion that Indianapolis has ever had, and will be for each and every soldier and sailor who was in the service. Thousands of boys have come back from service in the army or the navy without any official welcome. These boys drifted back into civil life without any demonstration on the part of the public simply because they have come home singly and detached from their units."

### 12 YANKS KILLED

Brest, April 17.—Twelve Americans and eight French soldiers were killed and 56 injured in a rear-end collision of troop trains bound for this city today. The collision occurred about 10:00 a. m., west of Le Mans.

### EXTRA WEAR FROM SHOES

"A year ago I had my shoes re-soled with Neolin Soles. The soles are still in service, and it looks as if I would not be able to wear them out, because the uppers are going first," said W. C. Dickinson, of New Haven, Conn.

Good repair shops everywhere carry these tough and durable soles. See for yourself how long they last by having them put on a pair of old shoes. Or if you are in need of new shoes, buy them with Neolin Soles. They cost no more than shoes that give less wear, and you need fewer pairs. They come in many styles for men, women, and children.

Neolin Soles are created by Science to be comfortable and waterproof, as well as long-wearing. They are made by The Goodyear Tire & Rubber Co., Akron, Ohio, who also make Wingfoot Heels—guaranteed to outwear all other heels.

### WILL MAKE HEADWAY ON QUOTA THIS WEEK

Rushville Banks Report Several Large Volunteer Subscriptions To Liberty Loan

#### EXPLAIN 4TH ISSUE INTEREST

Rushville banks hope to have made substantial headway on Rush county's quota of \$825,000 on the Liberty loan, by Saturday night, the eve of the opening of the campaign. Several large volunteer subscriptions have been made here and a number are reported by other banks in the county. Canvassers are in possession of their supplies ready to begin work Monday.

There has been some misunderstanding among owners of bonds of the fourth issue regarding the amount of interest received. Bankers stated today they did not get as much as expected because the first interest fell due a few days before the end of the first six months.

### WILL HELP DRAFT THE RAILROAD BILL

Senator Watson Will go to Washington After Speaking Tour Lasting Remainder of Month

#### IS CANDIDATE FOR SENATE

Senator James E. Watson, who addressed the annual meeting of the Indiana Manufacturers Association in Indianapolis yesterday afternoon on the railroad question, will make several speeches this month before returning to Washington, where he will remain until a special session of congress is called. He will employ his time while in Washington in collaborating with other senators in drafting a railroad bill. Senator Watson is a member of the interstate commerce committee, which has this duty to perform.

Senator Watson reiterated while in Indianapolis that he was not a candidate for the presidency, but that he would seek the republican nomination for senator from Indiana.

His first address of the series he will deliver will be at Crawfordsville tonight on the league of nations. He will speak tomorrow night at Frankfort, Saturday afternoon at Seymour, at Peru Monday evening, at New York City the evening of April 23, Albany, N. Y., the evening of April 26 and Bridgeport, Conn., April 29.

 the terms of the armistice.

Great Britain—Premier Lloyd George, in his address to parliament yesterday, made plain that the allies had reached a complete understanding "on the great fundamental peace question." The British are in favor of a quick peace.

France—The country is strongly behind the peace settlement so far as arranged, as shown by the vote of confidence in the present government, passed by the chamber of deputies, 324 to 166.

Italy—The Italian delegates apparently continue to stand behind their territorial claims, based on the pact of London, reiterating their threats that they will withdraw unless awarded Fiume. In this connection America insists that all secret treaties were nullified by ratification armistice terms, but expresses the belief that Italy's aspirations will be settled without a rupture.

Japan—The Japanese have received no reply to their cable in Tokio asking instructions from the Japanese government but are expected to bring up their racial equality question in the league of nations covenant at the next plenary session.

There were a number of visitors present for the dinner and work last night, from Connersville, among them Fred Neal, commander, and Knights, McFall, Green, Riley and Gregg. They extended an invitation to the Rushville commandery to visit them on Friday, April 25, when dinner

will be served at 6:30 p. m. and the Order of the Temple will be conferred on five candidates.

Local Knights are preparing to attend Easter services Sunday, in full dress uniform. They will meet at the asylum Sunday morning at ten o'clock and march to the Main Street Christian church to hear a sermon by the Rev. L. E. Brown, and again at one o'clock to go to Milroy in automobiles to hear a sermon by the Rev. W. R. Cady of the Milroy Christian church.

Word has been received about the meeting of the grand commandery in Indianapolis May 14 and 15 when Rushville will try for one of the attendance prizes. A few years ago the local commandery won the cup for the largest attendance at Indianapolis. The big full dress par-

ade will take place May 14 at 2:30 p. m.

**What is Bolshevism?**

There is a dispute among philologists concerning the meaning of the word "bolshevism." As the word "Bolshe" means "larger" and "men-she" "smaller," it is usually inferred that a bolshevist is one who favors government by the majority, and that a menshevist is his political antithesis.

But a scholar of long residence in Russia says that the word "bolshevism" means the larger or more extreme interpretation of the socialistic doctrines of Karl Marx. This reconciles the derivation of the word with the fact that the bolshevists are by no means in the majority. Eighty percent of the Russian population gives them no recognition. The bolshevists are mostly city laborers who have given up laboring and entered the army, where they are much better fed and clothed. They constitute, in fact, a military despotism of the type that existed under the Czar, but not as well systematized.

The fact that the soviet army runs into seven figures is therefore of no value as a test of the political leanings of the total population. The bolshevist party includes the army, and practically coincides with it. Manufactured product and accumulated capital on which the regime exists is not exhausted, but none is being developed. Nothing much is being manufactured. New raw material is not being gathered. Depreciation and depletion must develop into exhaustion. And when no fuel left the fire must die. And after that what? A practical, systematized despotism—czardom in fact? Or democracy?

These questions would have little

**RETAIL MEN ASKED FOR AID**

Urged to Establish War Saving Societies in Businesses

Indianapolis, Ind., April 17.—The Treasury Department, through its newly created Division of Savings, issued a call to retail men throughout the nation to aid in the 1919 campaign for the continued sale of War Savings and Thrift Stamps and the promotion of the idea of national and personal thrift as a happy and permanent American characteristic, by establishing War Saving Societies.

**For Itching Torture**

There is one remedy that seldom fails to stop itching torture and relieve skin irritation and that makes the skin soft, clear and healthy.

Any druggist can supply you with zemo, which generally overcomes all skin diseases. Acne, eczema, itch, pimples, rashes, blackheads, in most cases give way to zemo. Frequently, minor blemishes disappear overnight. Itching usually stops instantly. Zemo is a safe, antiseptic liquid, clean, easy to use and dependable. It costs only 35c; an extra large bottle, \$1.00. It will not stain, is not greasy or sticky and is positively safe for tender, sensitive skins.

The retail trade has responded to the Government's call in a most gratifying way, and already many large retail associations, some of which have as many as 2,000 and 3,000 branches scattered throughout the country, have set about establishing these savings societies in each of their branches. Retail men are asked to align themselves with the Government in its campaign on the grounds that public thrift is of untold value as a stabilizer of business.

W. S. Campaign Designed to Promote Thrift as Permanent Habit Among People

**PLENTY OF CAPITAL IN U. S.**

Will Help Loan Because it Increases Number Who Practice Wise Spending

Indianapolis, Ind., April 17.—The 1919 W. S. S. Campaign will in no way interfere with the Victory Liberty Loan drive. This was the statement today of Postmaster Robert E. Springsteen, director of the Indiana War Savings Committee, on returning from Washington where he conferred with officials at the head of the national campaign. The W. S. S. campaign, he said, is designed to secure the long continued and steady sale of stamps and certificates, to promote thrift as a permanent habit among the American people. Mr. Springsteen's statement follows:

"Our appeal is to the enlightened self interest of the investor and to the motives of good citizenship. The Victory Loan, on the other hand, is properly being conducted to the appeal of war patriotism, with the object of securing a large sale within a short time. We feel that the Victory Loan organization and the War Savings committee should have the same feeling of friendly co-operation that has characterized the relations between the savings committee and savings banks and thrift investment companies.

"There is plenty of capital in this country available for investment in both government funds and in the various commercial and industrial securities which are necessary to the development of business during the period of readjustment following the war. The problem is not to secure for investment in government securities a large portion of a limited fund, but is rather by means of thrift education and by impressing upon the people the value of intelligent savings and wise investment, to increase the amount of available capital.

"The Savings Campaign will help the Victory Loan because it increases the number of people who practice wise spending, intelligent savings and safe investment."

Mr. Springsteen announced that reorganization of the State Committee for 1919 is well on its way to completion. Every postmaster in the state, every county and city school superintendent will be a part of the organization.

A new division is being planned to organize War Savings Societies all over Indiana and a Woman's Division also is planned.

KIDNEYS WEAKENING?  
BETTER LOOK OUT!

Kidney and bladder troubles don't disappear of themselves. They grow upon you, slowly but steadily, undermining your health with deadly certainty, until you fall a victim to incurable disease.

Stop your troubles while there is time. Don't wait until little pains become big aches. Don't trifle with disease. To avoid future suffering begin treatment with GOLD MEDAL Haarlem Oil Capsules now. Take three or four every day until you feel that you are entirely free from pain.

This well-known preparation has been one of the national remedies of Holland for centuries. In 1606 the government of the Netherlands granted a special charter authorizing its sale.

The good housewife of Holland would almost as soon be without food as without her "Real Dutch Drops," as she quaintly calls GOLD MEDAL Haarlem Oil Capsules. Their use restores strength and is responsible in a great measure for the sturdy, robust health of the Hollanders.

Do not delay. Go to your druggist and insist on his supplying you with a box of GOLD MEDAL Haarlem Oil Capsules. Take them as directed, and if you are not satisfied with results your druggist will gladly refund your money. Look for the name GOLD MEDAL on the box and accept no other. In sealed boxes, three sizes.

Private Ed Cooning One Soldier Who  
Will Return When He Gets Into  
Civilian Clothes.

LETTER RECEIVED FROM HIM

Says he Will Receive His First Gold  
Stripe on the Seventeenth of Next  
Month.

According to word received by relatives here from Private Ed Cooning there is at least one Rush county boy who expects to return to France after he is discharged and has become a civilian. The letter was received by his sister, Mrs. Arthur Morse of Huntington, and was sent here to his parents. He also stated that he was receiving mail regularly, the first letters received for several months.

A part of the letter is given herewith: Mother's letter of March 5th, just reached me, telling me of your illness. I am glad you are getting along alright and hope that you have completely recovered by this time. This letter received from mother was the first one received for several months. I wish you could come over here sometime and see some of the most interesting sights. Maybe you can some day. I will tell you all about it when I come back.

It is my intentions right now to come back here and see all of Europe when I get in civilian life. I get my first gold stripe the 17th. of next month. There will be very few from my regiment wear them so that is some consolation for my staying here. I have an easy time here so don't worry about me. I believe I will be home before long and then tell you all lots of things and then you can ask questions by the millions.

"It has been very warm here all winter, it rains most every day, the grass is green the year round and when the sun shines it reminds us of spring in the U. S."

He closes hoping that it will not be very long until he is privileged to start for home. Private Cooning went overseas with the sanitary detachment of the 139th Field artillery, but on account of illness, did not remain with the unit.

Ministerial Association of Richmond  
Addresses Letter Concerning  
Stand on League.

THEY APPROVE PRINCIPLE.

Richmond, Ind., April 17—The Ministerial Associations have addressed a letter to Senator James E. Watson, who recently spoke here, concerning its stand on the league of nations and approved of it. The letter was read at a meeting of the association Monday night and was forwarded to the Indiana senator.

At the last meeting of the association, the ministers discussed the league and expressed their approval of the principle but were of the opinion that the covenant should be changed. A committee appointed to write Senator Watson is composed of the Rev. E. E. Davis, chairman; J. J. Rae and A. F. Mitchell. Chairman Davis of the committee announced that nothing concerning the letter to Senator Watson would be made public until Watson received the letter.

Taking the Chase  
Out of Purchase

Advertising benefits the man who buys as well as the man who sells. It is part of the Golden Rule of Business and it works both ways.

Don't miss the advertisements in this newspaper. Many of them are interesting just because of their news and educational value alone.

But more than that: Advertisements take the chase out of purchase and make every penny do its full duty.

This last statement is one particularly to be remembered when common-sense economy is not only a national duty but an individual necessity.

Mr. and Mrs. B. S. Martin of Raleigh entertained Mr. and Mrs. Ed Jackson, Mrs. Harold Reeve and Miss Brooks at a six o'clock dinner party yesterday evening.

An informal dance was given last night at the home of Mr. and Mrs. Owen L. Carr in honor of the Indiana University glee club, following the concert at the Graham Annex auditorium.

The Mahoning Council will hold their regular meeting Friday night in the Red Men hall in West First street. At this time the six months' contest will end with a large class adoption. Each member is requested to bring a tie.

Thomas A. Ross celebrated his 86th birthday anniversary in a quiet way at the home of his daughter, Mrs. Loyd A. Wagoner, near Gowdy, yesterday. "Uncle Tom" as he is familiarly known, is enjoying good health, and received many callers during the day.

The Band of Workers of the First Presbyterian church were entertained yesterday afternoon at the home of Mrs. Bert Mullin in North Perkins street. After the regular program the afternoon was spent socially at the close of which the hostess served light refreshments.

Floyd A. Breckenbridge and Miss Margaret Gardner were quietly married yesterday afternoon at 2 o'clock at the home of the Rev. C. J. Bunnell. The couple left this afternoon for Bradford, Ohio, where Mr. Breckenbridge is employed. Mr. Breckenbridge was recently discharged from the military service after several months in France.

Members of the War Mothers club met yesterday afternoon at the home of Mrs. Charles Moore in North Sexton street. The afternoon was devoted to the regular program, but on account of the illness of Mrs. John Blackledge the business session, at which the officers were to be elected for the coming year, was postponed until the next meeting. A social hour followed the program.

John Neutzenhelzer, son of Mrs. Mary L. Neutzenhelzer, entertained a few of his little friends last evening, with a six o'clock dinner party, honoring his eighth birthday anniversary. The table was centered with a birthday cake with eight pink candles and candles with pink shades were the only lights for the dining room. Covers were laid for Fay Louise Boxley, Margaret Doyle, Joel Harold and the little host, John Neutzenhelzer.

Word has been received here of the marriage of Miss Ethel McFadden, formerly of near Gings Station, and George W. Lavinille. They were quietly married at the home of the Rev. J. W. Allen, pastor of the Ben Davis, Ind., church, Wednesday evening, April 2, at 8 o'clock.

Mr. Lavinille was formerly pastor of the Ben Davis church. He is a graduate of DePauw university and saw service overseas with the Y. M. C. A. Mrs. Lavinille is a talented musician. Mr. and Mrs. Lavinille left immediately for Middletown, Ohio, where they spent a few days and then went to Chicago, where Mr. Lavinille is connected with the Y. M. C. A. They will make their permanent residence in Chicago.

Andrew M. Thompson celebrated his 90th birthday yesterday at his home near Gowdy, with a pitch-in-dinner. The table was adorned with a beautiful bouquet of Easter flowers, presented by Miss Mary S. Ward. The following relatives and friends were present: Green Thompson, William Thompson, Henry Hungerford, Virginia Boring, Cash Pattison, Mrs. Mary H. Ward, Mr. and Mrs. P. J. Wagoner, Mr. and Mrs. E. E. Hungerford, Mr. and Mrs. I. N. Desranger, Mrs. Grant Miller, Marshall Stewart, Mrs. Jack Morgan, Mrs. Arthur Weidner and children, Thelma and Woodrow, Mrs.

Watson Miller, Clay Pattison, Mrs. Elmer Kellam and daughter, Loretta. Mr. Thompson was born near New Salem, and has lived in this county all of his life, except a few years he spent in Shelby county. He is in good health and enjoys the company of his friends. His memory is remarkably well for a person of that age and he likes to read the newspapers and keep in touch with all events.

Hiram S. Bell, age 77 years, died at his home near Gings station last night at 7 p. m. following an illness of three weeks, having been in failing health for the last four years. He is survived by three daughters, Mrs. Martha Grindle, Mrs. J. D. Case, Mrs. Elmer Hires, and one son, Minor Bell of Union township, the widow and three grandchildren. Mr. Bell was well known in this county, having been a resident here for the last forty years, moving to Union township from Scott county, Ky. The funeral services will be held Friday afternoon at two o'clock at the Plum Creek church by the Rev. A. Burns and burial will be made in East Hill cemetery.

## CONCERT ENJOYED BY A BIG AUDIENCE

Indiana University Glee Club Pleases With Musical Entertainment at Graham Annex

### DWIGHT VANOSDOL POPULAR

School Clears About \$56 Which Will be Used to Purchase Additional Stage Furniture

The Indiana University glee club gave a high class entertainment last night in the Graham Annex auditorium to a large crowd. The enthusiasm of the young people added a great deal to the performance.

The concert opened with the glee club singing, "Just a Song at Twilight," which assured the listeners that they were sure to hear something during the evening well worth their while. Frank Reed played two flute solos which were greatly appreciated, judging from the amount of applause given him. The glee club then sang "Allah's Holiday," followed by a vocal solo by Robert Daily, entitled "Love Bells."

Two Black crows furnished a great deal of amusement during the evening with their catchy songs and practical jokes. Johnnie Johnson was among the favorites of the evening with his piano solos, playing several imitations of popular songs.

Dwight VanOsdol followed with a steel guitar solo which was the favorite number of the evening. Mr. VanOsdol, who is the son of Dr. and Mrs. D. D. VanOsdol was a graduate of the local school and is well known in this city and had been willing, the audience would have kept him busy all evening playing for them, judging from the repeated efforts to get an encore. "We Love You Indiana," and several Indiana college songs closed the evening's entertainment.

The concert was given under the auspices of the school and yielded between \$55 and \$56, which will be used to buy more equipment for the auditorium stage in the way of furniture. One of the articles which will likely be purchased is a suitable table which may be used for home talent productions as well as public meetings of every character which are held at the auditorium.

Each member had sons in the war. Continued from Page One and the 150th Field Artillery are the last of the large units, made up exclusively of Indianapolis and Indiana men, to return. Therefore, their arrival affords a fitting opportunity for a general celebration of welcome to all Indiana men in service.

### EACH MEMBER HAD SONS IN THE WAR

The welcome is also to include men from cantonment camps and naval training stations, men who were in the thick of battle, and men who were overseas but did not participate in battle. In other words, no one will be left out of the largest celebration Indiana has ever had.

secured a number of broom handles and enough discarded bale wire to form a very satisfactory trellis upon which the peas were trained.

Tomatoes trained to a single stem and tied to stakes not only ripen fruits earlier than those left upon the ground, but the fruits themselves are of better flavor; and, because they are cleaner and more convenient for gathering. By pruning and tying to stakes a much larger number of plants can be placed on a given area. Also plants, such as lettuce, early cabbage, radishes, and beets, can be grown in the spaces between the tomato plants.

Many people prefer the bush type of Lima beans to the pole varieties, because no poles are required for the bush kinds. It has been found, however, that under most circumstances the pole Lima beans are preferable, because they can be trained on strings or wires attached to a fence or in case the fence is of wire the beans can be trained on the fence itself. By the use of poles or a trellis of strings or wire the beans are carried up off the ground and occupy less space than do those of the bush varieties. The same is true of a number of garden crops.

If the garden is small and there is not room to grow the vine crops on the ground, they may be trained to the south side of a fence or even upon the side of a building, so that they really occupy very little of the actual garden space. Where it is desired to have some kind of a screen or shade over the back porch, there is nothing better than pole Lima beans, as they form a perfect screen that will last throughout the summer and at the same time give a supply of fresh beans for the table. A little study of the habits of the various crops will enable one so to arrange the garden as to get the maximum production without sacrificing quality or convenience in its cultivation.

By proper arrangement of rows and the grouping together of crops of similar nature, the work of caring for the garden is greatly reduced. For instance all such crops as carrots, parsnips, salsify, onions, beets and turnips that require very little space between the rows should be grouped in one part of the garden. Those that grow larger should be given another place and those that cast considerable shade should be placed at the north side of the garden, where they will not shade the small crops.

Another special facility for the garden consists of a line of perfor-

ated pipe that may be attached to the hose and used to irrigate the crops. Where the land is nearly level, watering can be done very conveniently by discharging the hose into small furrows alongside the rows and irrigating the crops by the flooding or furrow system. Where-

ever the land is steep or uneven, the line of perforated pipe will distribute the water to better advantage. This can be used where a water supply is available, and it is doubtful if it would pay where special pumping arrangements are necessary in order to provide the water. In sec-

tions where irrigation must be depended upon entirely for growing crops, special arrangements for getting water upon the garden must be made. Last year a great many farmers of the irrigated sections provided special facilities for watering their gardens.

### USEFUL IDEAS HELP

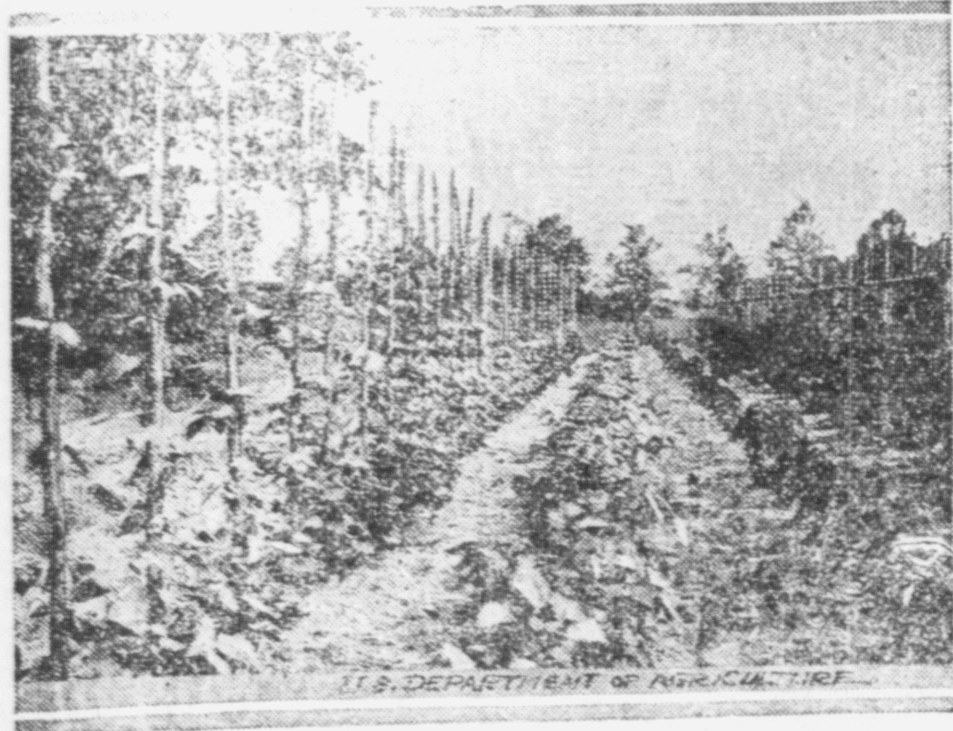

### GET GARDEN RESULTS

Where the garden is handled in an intensive manner, there are a number of facilities that may be provided without much extra cost, but which reduce the work of caring for the crops.

For instance, by providing supports for certain crops about double the number of plants can be

trained that they be given something to climb upon. Brush, if brush can be procured for this purpose, should be on hand and ready for use when the peas are planted.

As a rule, brush cannot be secured in town, so it will be necessary to use some other form of support. Wire poultry netting 18 to 24 inches

grown on a given area, it is pointed out by specialists of the United States Department of Agriculture.

Certain varieties of early peas do not necessarily have to be provided with brush or any kind of support to climb upon, but they will do better and yield more if given a support. With the alter peas of the telephone or tall-growing variety it is essen-

Rheumatism Leaves You Forever

Deep Seated Uric Acid Deposits Are Dissolved and the Rheumatic Poison Starts to Leave the System Within Twenty-four Hours.

Every druggist in this county is authorized to say to every rheumatic sufferer in this vicinity that if two bottles of Allenru, the sure conquerer of rheumatism, does not stop all agony, reduce swollen joints and do away with even the slightest twinge of rheumatic pain, he will gladly return your money without comment.

Allenru has been tried and tested for years, and really marvelous results have been accomplished in the most severe cases where the suffering and agony was intense and piteous and where the patient was helpless.

Allenru relieves at once. Immediately after you start to take it the good work begins. It searches out the uric acid deposits, dissolves the secretions and drives rheumatic poison out of the body through the kidneys and bowels.

It's marvelous how quickly it acts. Blessed relief often comes in two days, and even in cases where the suffering is most painful all traces disappear in a few days.—(Adv.)

TO START SOON ON A TOUR OF THE COUNTRY

Mrs. Carlton Will Try to Form One Big Organization of all Relatives of Soldiers.

TO TAKE FORM IN BALTIMORE.

Indianapolis, Ind., April 17.—In a few days Mrs. Robert Carlton Morris, Toledo, president of the War Mothers of America, will start on a tour of the country to interest the various organizations of the country in a project to form one big national organization of all the women relatives of men and women who were in active military service in the world war. It is proposed that this organization take form at Baltimore in October when the annual convention of the War Mothers of America will be held.

Aside from the tour of Mrs. Morris, the proposed organization will be promoted by a magazine to be called "The Service Star" and published here by the mothers of America. The first number of the magazine will be off the press about June 1. It will contain a statement of the proposed plan of the organization, invite suggestions for a name and act as a central bureau of information for the collection of ideas and the formulation of a written program for the activity of the organization. Several names have

RED BLOODED PEOPLE LIVE THE LONGEST

Red blooded people retain their youth and vigor until late in life because red blood ages slowly.  
A child with impure blood seems old, while an old man with pure red ironized blood seems young.  
Impure blood clogs the system with waste matters, rapidly ageing body, mind and spirit.  
Pure blood is red blood, rich in Iron and Phosphates with power to rid itself of waste matter and able to carry life-giving oxygen to every cell and nerve. It makes both young and old bright, happy, keen, and interested in life. This is the blood you need, every day of your life, the rich red blood made by pure food, fresh air, restful sleep and "Phosphated Iron" from the red blood and nerve builder.  
Phosphated Iron enriches your blood and nerves, putting them in shape for work. Improves your color, increases your appetite and gives you strength, vigor and power to enjoy both work and pleasure, makes you feel like doing things once more.  
Phosphated Iron is prescribed by leading doctors for all who are worn out, run down, nervous, weak and thin blooded people in all walks of life, they have learned to depend on it for honest results.  
Special Notice—To insure physicians and their patients receiving the genuine Phosphated Iron, we have put in capsules only, so do not allow dealers to substitute pills or tablets, insist on the genuine, in capsules only.

been suggested for the proposed organization, among them being the "League of the Service Star."  
At present there are organizations in every section of the country, all affiliated in spirit, but working independently for lack of a means of co-operation. The new organization and the magazine are intended to furnish means.

WHAT a feeling of satisfaction it is to pull into the  
field that you spent so much time and work on  
and just drive and drive with that click, click,  
click of the dropping kernels never ceasing until you  
raise the marker for the last time, and you haven't had  
a bit of trouble!

Here is a planter that does the corn planting on time, no  
delay, and with as much accuracy as any other planter  
you can buy.

The Janesville Shaft-Drive Planter does away with all  
springs, dogs and gumming-up and clap-trap fixings that  
may hold you up just long enough when they get out of  
order to let a spring rain throw you back a week. The  
secret is in the shaft drive. It runs in a bath of grease,  
free from dust and gumming.

Change as you go along, without stopping, two, three or four kernels  
in a hill. A foot lever throws it from a check planter to a drill planter.

Equipped with sight feed—you see every hill as it drops. Fertilizer  
or Cow Pea attachment can be attached.

## CONDITION OF CHAOS GREATER THAN PRESENT CANNOT BE IMAGINED

Christianity Has Greatest Opportunity or Danger.

Bishop Anderson at Cincinnati Convention Declares It Not Strange Bolshevism Should Have Come Out of Russia. Enduring Peace Only on Christian Basis.

Cincinnati, April 12.—"Such a day of opportunity has never dawned in the history of the world," declared Bishop William F. Anderson of the Methodist Episcopal church, addressing a large Centenary audience at a southwestern Ohio convention, closing here Friday evening.

Bishop Anderson, who is in charge of the Methodist field in Ohio, Indiana and Kentucky, has spent several months in Europe and North Africa as a member of a commission surveying the results of the world war and the opportunities growing out of present conditions. He returned to the United States last week.

"Humanity, with a dim but growing vision of God before its eyes, is coming to its own. It is such an opportunity for the Christian forces as has never before dawned in human history," said Bishop Anderson, continuing: "Grasped and wisely directed, this situation may be made to carry civilization a thousand years toward its far-off divine goal within this generation; forgotten or neglected, and the forces of progress will drag wearily on, ending in the defeat of Christ's redemptive purpose for years and years to come."

"It is as clear as anything can be that the well-being of the future of

BISHOP ANDERSON.

mankind is absolutely dependent upon the application of the interpretation of life, which regards it as a sacred trust from God to be consecrated to moral and spiritual purposes," declared the bishop.

"One can not contemplate the condition of European nations today without recurrence in this thought to that description of the physical world contained in the first chapter of Genesis. 'The earth was without form and void and darkness was upon the face of the deep.' A condition of greater chaos than now exists could hardly be imagined. Victorious armies that stand for the principles of democracy and the conclusions of peace conferences—if they arrive at conclusions—afford temporary relief, but the basic principle of society is the Christian principle of service.

"It is not strange that such a movement as Bolshevism should have come out of Russia," said Bishop Anderson. "Russia has been brutally victimized. The victory of Germany over Russia was not a military victory. It was a victory of deception and chicanery. The Russian soldiers had nothing to fight with but stones and sticks and their fists. Is it any wonder that they became desperate?"

"Russia needs a rational rallying point; needs sympathy and direction. The immediate solution of these problems from a militaristic point of view is in the hands of the strategists of the allied armies. But the remedy which comes from the long look at the conditions of Europe is not militaristic, but moral and spiritual."

Bishop Anderson declared that the Methodist Centenary movement had been born to furnish the principles of permanent and enduring peace in the gift of the gospel to men and nations. "The problem of life is too much for human thinking and human endeavor. Christ alone is adequate to the situation," he said.

Twenty-five million of the hundred and fifteen million to be raised by the Methodist Episcopal church in its Centenary movement is to be devoted to war reconstruction work in Europe. Forty million to religious and civic work in the United States and forty million to carrying the Christian message of brotherhood and enlightenment to the hundreds of millions who now possess no conception of these ideas.

Out of the Centenary has grown an interchurch movement, with similar aims, but including practically all Protestant denominations.

### Little New in Warfare.

The use of asphyxiating gas is a very ancient device. Smoking out the enemy was one of the regular maneuvers of war in antiquity, says the Scientific Monthly. Polybius relates that at the siege of Ambracia by the Romans under Marius Fulvius Nobilior (B. C. 189) the Aetolians filled jars with feathers, which they set on fire, blowing the smoke with bellows into the faces of the Romans in the countermines. At the great naval battle fought in the waters of Ponza between Alfonso of Aragon and Genoa in 1435 the Genoese carried vessels filled with quicklime and redhot cinders, the smoke from which was blown by the wind against the enemy. Leonardo da Vinci, who among his many other accomplishments was a notable military engineer, suggested the use of poisonous powders, such as yellow arsenic and verdigris, to be thrown from the topmasts of ships so as to choke the enemy. This formed a part of the war instructions given by Leonardo to the republic of Venice in 1499, when the Turks had passed the Isonzo and threatened St. Mark's.

There's only one happy way to get rid of any corn or callus, and that's the "painless-peel-off" way. "Gets-It" is the only corn remedy in

"2 drops of 'Gets-It'—Corn is doomed." the world that does it that way—effectively, thoroughly. Why get down on the floor, tie yourself up into a knot, and have to fool with "pack-ages" plasters, greasy ointments that rub off, sticky tape, and digging knives and scissors, when you can peel off your corn or callus in one complete piece, peacefully and surely, with magic, simple, easy "Gets-It"? It takes 2 or 3 seconds to apply "Gets-It"; you use 2 or 3 drops, and that's all. "Gets-It" does the rest! Get rid of that corn-pain at once, so that you can work and play without corn torture. Be sure to use "Gets-It." It never fails. "Gets-It," the guaranteed, money-back corn-remover, the only sure way, costs but a trifle at any drug store. MTD by E. Lawrence & Co., Chicago, Ill.

## PEPSINCO

Sometimes in front just under the heart, sometimes around under the left side, under the ribs behind the heart it's a sharp or acute pains; sometimes a dull heavy pain, leaving soreness. It's gas on the inside generated through gaseous foods, or, because of systematic inability to properly assimilate the food, this gas soon collecting, forms a lump that causes the pain. This is only one of a dozen different indications which PEPsinco immediately relieves. Keep PEPsinco handy and take it the next time.

### AREA OF DETAILED MAPPING

Notwithstanding Interruptions by War, Larger Amount Was Covered in Year of 1918.

(Prepared by the United States Department of Agriculture.)

Notwithstanding a certain amount of interruption due to war conditions in the work of the soil survey carried on by the bureau of soils of the United States department of agriculture, a larger area of detailed mapping was done during the fiscal year 1918 than during the preceding year, the area covered amounting to 38,136 square

Plane table Used in Soil Survey for Constructing Base Map.

miles. Prior to 1918 a total of 445,825 square miles had been mapped, so that the total area covered by the detailed work of the survey at the close of June 30, 1918, was 483,961 square miles. That part of the United States lying within regions where the rainfall is sufficient for crop production or where water is available for irrigation covers approximately 1,750,000 square miles. The area mapped in detail during 1918 was equivalent to 2.2 per cent of this area, the total mapped in detail to date 27.6 per cent, and the total, both detailed and reconnaissance work, much of the latter area calling for no further work, amounted to 54.3 per cent of it.

### TREES FOR ROAD PROTECTION

Active Steps Taken by New York Organizations for Development of Planting Scheme.

(By PROF. R. E. FAXON, State College of Forestry, Syracuse, N. Y.)

Believing that the problem of roadside planting should not be entirely set aside during the movement for a greater mileage of improved highways, active steps are now being taken by the New York State Motor Federation and the State College of Forestry at Syracuse for the development of a planting scheme for the section of the highway running from Syracuse to Utica, a distance of about 60 miles.

It has been demonstrated by those in charge of the work that aside from the purely ornamental value of trees along the highway, many practical benefits would result from their proper use. It is not generally realized that trees, by means of their shade during the summer months, prolong the life of the roadway for many years, and road experts in general are heartily in favor of this means for road protection.

### IMPROVEMENT IN WISCONSIN

Ten Million Dollars to Be Spent on Developing Highways in Badger State in 1919.

Ten million dollars will be spent on developing, improving and patrolling the highways of Wisconsin during 1919.

This announcement was made by A. R. Hirst, state highway engineer, who explained that the increase, an amount almost double that spent in former years, was because \$2,500,000 was left over from last year and also to furnish an opportunity for employment of returned soldiers and sailors.

"Approximately \$7,000,000 will be spent in developing new roads, and about \$3,000,000 will be used to patrol the state trunk highways. The money will come from federal, state and county sources.

The senate committee on highways is considering a bill to allow counties to institute trunk lines and to raise the present limit of 5,000 miles of federal aid roads in the state.

### GOOD ROADS AID TO SCHOOLS

Higher Attendance of Children Shown by Government Survey After Improvement Made.

A survey made by the government of the effect of good road building on school attendance in eight counties shows that before the roads were improved the average school attendance was 66 pupils to each 100 enrolled, as compared with 76 after the roads were improved.

### DISCUSS MARKET ROADS.

Indianapolis, April 17—Extension of market highways was discussed here today at a meeting of the boards of commissioners of Central Indiana counties. The seven counties adjoining Marion county and the board of Madison county were represented at the meeting at which the question of projecting highways into counties adjoining Marion was taken up.

### HE ESCAPED INFLUENZA

"Last spring I had a terrible cold and gripe and was afraid I was going to have influenza," writes A. A. McNeese, High Point, Ga. "I tried many kinds of medicine, but remained clogged with cold. I then took Foley's Honey and Tar Compound, feeling relief from the first. I used seven small bottles. It was a sight to see the phlegm I coughed up. I am convinced Foley's Honey and Tar saved me from influenza." Checks coughs, colds, croup and whopping cough. F. B. Johnson.—(Adv.) 3

The case of Frank H. Sefton vs. Robert Ramer, complaint for injunction with a demand for \$100, has been sent to the Rush circuit court on a change of venue from the Decatur Circuit court. This is the case in which an effort was made by Mr. Sefton to enjoin and restrain Mr. Ramer from permitting an explosives magazine for the storage of nitroglycerin from being erected on his farm four miles north of this city and within a short distance of the Sefton home.

The suit is an aftermath of an accident last fall when an explosives magazine blew up on the Ramer farm, causing the death of one man and damage to surrounding property.

**TRY A WANT AD**

**MORE RED BLOOD AND STEADIER NERVES FOR RUN DOWN PEOPLE**

**The World Demands, Strong, Vigorous, Keen-Minded, Men and Women**

It has been said of Americans that they work their habits overtime.

Many become nervous and inefficient by overwork. By worry, despondency, social affairs, robbing brain and body of needed rest; excessive use of tobacco, indulgence in strong alcoholic drink—excesses of every kind that burn up the vital powers so necessary in these trying times to make both men and women fit to be of help to themselves and others.

It is time to be temperate in all things. The man or woman with impaired nerves caused by impoverished blood lacks vigor, the ambition, the endurance and the keen mind of those who avoid excesses.

Timidity, despondency, fear, trembling hands, want of confidence and even cowardliness, are due in a large measure to abused nerves.

People with plenty of red blood corpuscles and strong, healthy nerves have no desire to shirk work and lean on others for guidance and support.

There is hardly a nerve-shattered man or woman (unless of an organic disease) in America today who cannot become alert and clear in mind; vigorous and energetic in body in a very few weeks and at trifling cost.

To become strong and ambitious, to feel that work is not drudgery; to have steady nerves, abundance of red blood and power of endurance; to be not only a man but as men now go, a superman, you must take seven tablets of Bio-feren every day for seven days—and take them faithfully.

Take two after each meal and one at bedtime and after seven days take one only after meal until the supply is exhausted.

Then if you feel that any claim made in this special notice is untrue—if your nerves are not twice as steady as before; if you do not feel ambitious, more vigorous and keen-minded, the pharmacist who dispensed the tablets to you will gladly hand you back just what you paid for them.

Bio-feren is without doubt the grandest remedy for nervous, rundown, weak, anaemic men and women ever offered direct through druggists and is not at all expensive. All druggists in this city and vicinity have a supply on hand—sell many packages.

Nine Interested in This Project are Keeping Records and Making Comparisons Monthly

**NOBLE TOWNSHIP IS FIRST.**

Nine poultry keepers of this county are keeping records on their poultry, and meeting once each three months with Leroy Jones, Extension poultryman, to discuss methods of profitable poultry keeping. They met recently with Mr. Jones in the county agent's office and compared reports. The figures show that a flock of Buff Orphingtons owned by Harley Austin, New Salem have the honors for egg production during the months of March. They produced 17 eggs per hen during the month.

A flock of Rose Combed Rhode Island Reds owned by Fred McFarlane, near Arlington, held second place with an average of 15.9 eggs per hen. A flock of White Wyandottes owned by Albert Redenbaugh, of Manilla, and a flock of Barred Rocks owned by Fred McCrory of Glenwood took the third and fourth places with an average of 13.5 and 13.4 eggs per hen respectively for the month. The reports are sent in to the county agent's office one each month where the egg records are checked up for each flock.

#### Of Multiple Hitch at Clarksburg

The Multiple hitch which has been demonstrated at two points in Indiana recently—Noblesville and Clarksburg, is arousing considerable interest.

It was in the fall of 1917 that Wayne Dinsmore, secretary of the Percheron Society of America, found as a result of his investigations that New England farmers

plow 8½ acres or 50 acres per month. By attaching a weight to the double-trees the angle of pull on the shoulders of the horses is kept the same for the lead team as for the rear team. The lead team only is driven. The system of tying in and bucking back is so neatly arranged that each horse must do his duty

were plowing about one acre per day per man; Pennsylvania farmers two to two and one-half acres; Illinois and Iowa farmers four to five and one-half; while those in Polk county, Oregon plowed eight and one-half acres per day.

He found too that the difference in the efficiency of a man was due to the number of horses which he worked, and the kind of hitch used. Prof. C. E. White of the University of Illinois was induced to take up the study of a hitch which would be practical for the small farmers in the corn belt. After experimenting with many kinds of hitches during 1918 he devised the system which is now being demonstrated. Mr. White found that 20 to 30 percent of the energy of the horses was wasted in side draft by the old hitches which worked too many horses abreast and he corrected this by hitching two-horse teams tandem. The system now in use consists of a system of pulleys which makes it much more difficult for a horse to shirk than with the old lever system. The system of tying and bucking back so common in the west was also adopted. With the side draft eliminated and the great ease with which the horses work with the new hitch, 6 horses can pull a three bottom plow. If they walk 201 miles per day they

and no more.

The accompanying picture was taken at the Clarksburg demonstration where eight horses were pulling a three bottom plow.

#### Vivian Martin at Princess

Jane Neill was a little girl with a big heart and indomitable courage. When she was suddenly left alone in the world with her younger twin sisters to look after, she faced the situation bravely. This is the beginning of the story of Vivian Martin's new Paramount photoplay, which is being shown at the Princess theatre tonight.

Mickey Donovan, who was quite a capitalist in a small way and ran the "White House" lunch cart on a nearby corner, knew that Jane was the One Girl for him, but Jane was not so sure. So she refused his offer of marriage and went out into the world to make her own living as a stenographer.

Armed with a pad and pencil and large quantities of chewing gum she invaded the aristocratic home of David Lyman, an elderly playwright.

There she met the old man's nephew, Monty Lyman, and soon decided that she was in love with him. Numerous dramatic incidents followed, old Mr. Lyman died, and Monty Lyman, put to the test, proved that he was not the splendid young man that Jane thought him. More and more she compared him with the patient Mickey Donovan, who waited hopefully at the White House lunch cart. And in the end there is a happy reunion between Jane and Mickey.

Tomorrow Fred Stone in "Under The Top," will be shown.

#### Edith Roberts at Mystic

Nothing appeals to the movie-going public more than to see some vivacious, young scamp of a girl changed from one walk of life to another, suddenly, with all the amusing mistakes and bits of clever camouflage incident thereto. This very thing is done superbly and in

an artistic way that is unsurpassed in "Sue of the South," which is being shown at the Mystic theatre tonight. Edith winsomely garbed in long silk mits, pantalettes and frills and furbelows of the sunny south, just because her mountain folks were too slow and easy-going to keep pace with the times after the civil war, has a hard role ahead of her when she has to act as the niece of her rich uncle, and incidentally become the champion of the cause of labor in her uncle's factory—a cause to tax any modern, young woman's brains and judgment. But Miss Roberts comes through like a thunderclap. The slow-moving life of the Cumberland mountain home of Sue is far from slow-moving in interest.

Tomorrow Harry Carey in "Roped," a special feature attraction will be shown tomorrow night.

## WEALTHY FARMER IS PUT IN JAIL

**Sheriff Jones Has to Call on Two  
Deputies to Deal With Charles  
Westover, Who is Insane.**

### COMPLAINT BY NEIGHBORS

**Westover is Victim of Imaginary  
Fears And Will Likely be Sent  
to Private Hospital.**

Charles Westover, a prosperous farmer living northwest of Falmouth, was in jail today awaiting the result of proceedings designed to confine him for treatment for insanity.

Westover, who owns a good farm and is said to be worth at least \$30,000, was arrested last night by Sheriff Jones and his deputy, Hugh Jones, but not until after some difficulty, because of Westover's declared intentions not to go to jail. On account of Westover's size and strength, Sheriff Jones had to deputize two other men before the prisoner was placed in jail.

Although the original plan was, when neighbors filed insanity proceedings against Westover, to send him to the Southeastern Indiana Hospital for the Insane, Mrs. Westover was making an effort today to have her husband committed to a private asylum at Oxford, Ohio, where he has been previously for treatment, but was released as cured.

According to persons living in the neighborhood of Westover's farm, he was a victim of imaginary fears. It is said that he believed all of his neighbors were against him, that they were trying to rob him and that they suspected him of being guilty of several bank robberies which have taken place in this part of the state. Westover's fear of being robbed led him to do all of his banking in Indianapolis, where he was not known.

Conditions finally reached the stage where neighbors were afraid that Westover would harm someone, and they filed proceedings against him yesterday afternoon. They state that Westover's mind has not been right since a fight he had with his brother-in-law fifteen years ago when he was hit on the head with a rock.

Sheriff Jones met Westover and his wife at the gate of their barn lot as they were returning from Connersville. Westover first said he would not go to jail, but finally consented after considerable persuasion on the part of the sheriff, who wished to avoid any trouble.

Several times on the way here in the automobile, Westover regretted having consented to come, and when he reached Rushville declared that he would not go to jail. Westover weighs about 250 pounds and is as stout as an ox, so the sheriff drove to Will Spivey's store for assistance. Mr. Spivey, who was formerly the sheriff's deputy, and Will Redman were deputized to help put Westover in jail, and it required their combined efforts to wear him out before he gave up. In the scuffle Westover was hit with the mace, but it did not seem to effect him, and once he snatched a mace from one of the officers and struck Mr. Redman on the arm.

### WESTPORT WOMAN DIES.

Word was received here today of the death of Mrs. J. T. McCullough of Westport. Mrs. McCullough was the mother of Harold McCullough who taught in the Milroy public schools a year ago. Four of her sons were in the service, one still being overseas. Harold is now employed as assistant cashier in the Westport bank.

## ATTENDS FINAL SESSION

**Judge Sparks at Farewell Meeting  
of State Defense Body**

Judge Will M. Sparks went to Indianapolis today to attend the farewell meeting of the state council of defense, which will close with a banquet tonight. The final session of the organization, which will cease to function because it was created on account of the war emergency, was to have been held more than a week ago, but was postponed on account of the death of the father of Will H. Hays, who was the first chairman of the council. Judge Sparks was elected to the council after the death of Charles W. Fairbanks.

## UNAWARE OF CHANGE IN TAXATION LAWS

**Phone and Telegraph Companies  
and Domestic Corporations Fail  
to File Reports**

### SHOULD BE IN BY APRIL 1

On account of a change in the taxing laws of which few are aware, telephone and telegraph companies and other domestic corporations in the county have not complied with a clause of the new statute which provides that they shall file their schedules for taxation purposes with the county auditor by April 1. The auditor in turn is instructed to send the schedules to the state tax board which will assess all such corporations.

Previously all domestic corporations have been permitted to file their valuations for taxation purposes any time during the assessing season, which ends May 15. It is because they do not know of the change that such a small percent have complied with the law. Out of seventeen telephone and telegraph companies in the county, twelve have filed their schedules. There are twenty-six domestic corporations here, but only four have complied with the law. Eleven of the thirteen banks and four building and loan associations have reported.

## MUNICH IS ISOLATED FROM REST OF COUNTRY

**Fighting Increases in Intensity, Artillery Battles Being Waged  
Day and Night**

### HAMBURG POLICE POWERLESS

(By United Press.)

Berne, April 17.—Munich was still isolated from the rest of Germany yesterday, but wireless advices indicated that the fighting between socialist and communist forces is increasing in intensity. The deposed socialist government reported to have gathered reinforcements and established a new hunger blockade. It has been announced the blockade will be turned against the middle classes, apportionment of food being limited to workmen and soldiers.

Wireless dispatches said that a great artillery battle is raging day and night with heavy casualties and great property loss resulting. All workmen in Munich are armed. Churches have been seized by the Soviet troops, the towers being used as observation posts. Business is practically at a standstill. Terrified non-combatants remain indoors.

Street fighting still continues in Hamburg, according to reports received here today. The police are said to be powerless and authorities called for heavy reinforcement of government troops. Shops and stores are being pillaged.

## MAY SIGN PEACE TERMS BY MAY 15

**Germans Expected to Act by That  
Date, After Receiving Treaty  
April 25, It is Stated**

### PACTS WITH OTHER POWERS

**Reported Agreement to Furnish  
Russians Food Will Bring En-  
tire Situation to a Head**

(By United Press.)

Berne, April 17.—The German reichstag has appointed its new delegates for the peace commission, it was semi-officially reported today. The new commission, it was said, is composed of Herr Fehrenbach, three vice-presidents of the chamber and 28 members, including Hugo Haase.

Paris, April 17.—Peace will be signed with Germany by May 15, according to the best information obtainable today. That date is understood to have been set as the time limit for the enemy to accept all conditions of the treaty.

Then Austrian, Turkish and Bulgarian representatives probably will be summoned to Paris, simultaneously, soon after the treaty is handed to the Germans on April 25.

The disposition today was to believe that the treaties with those countries, which are understood to be much less complicated, might be signed as soon as the treaty with the Germans.

The least tentative date for President Wilson to arrive in Washington will be between May 20 and 23. This indicates, the American delegates believe, the Germans may accept the treaty before the expiration of the proposed time limit.

The reported agreement to furnish food for Russia is expected to bring the entire Russian situation to a head. Some difficulty was anticipated, however, in putting a stop to all fighting in Russia. The anti-Bolshevik factions are openly opposed to the plan to feed Russia and have indicated their intention of continuing to fight the Soviet forces.

The majority of the delegates appear to believe the period between April 25, when the treaty is to be submitted to the Germans and May 15, would be sufficient for the German government to debate all the provisions and formerly ratify them. It was pointed out that unless some curb was established on the time German consideration of the treaty would be drawn out indefinitely.

The invitation to the Germans appeared to have been forwarded before all the belligerents had the opportunity to sign it. It is understood to have been taken by courier to Spa on Tuesday, at which time only the five great powers had signed the text. The 18 smaller nations were called in yesterday and the document read to them by Premier Lloyd George, after which the additional signatures were affixed.

The document bearing the signatures of the smaller nations, it was reported, was hurried to Spa in the wake of the first message.

The German treaty probably will be worded both in English and French but not in German.

The agreement to supply Russia with food under supervision of a neutral commission, reached by the allies late yesterday, was expected to go forward at once. According to un-official information the agreement stipulates the Bolsheviks must cease hostilities on all fronts.

The attitude of the five great powers toward the peace situation today appeared to be as follows:

United States—The Germans having been notified to appear in Versailles on April 25, the treaty must be whipped into shape as speedily as possible, also keeping in mind

## NEGROES HELD FOR KILLING OFFICER

**Two Suspected of Murder of Elmer  
Robbins, Big Four Detective at  
Greensburg, Arrested**

### ARE CAUGHT IN INDIANAPOLIS

**Kill Detective While Trying to Bring  
Whiskey in on Freight—  
Robbins Known Here**

(By United Press.)

Indianapolis, Ind., April 17.—Two negroes suspected of killing Elmer Robbins, of Greensburg, Big Four railway detective, early today, and of running liquor into Indiana, were taken from a Big Four freight train when it pulled into this city today.

Twenty-two one-half pints of whiskey were found in one of the coal cars. It was thought the negroes killed Robbins at dawn early this morning, when detectives and the authorities stopped the freight train, one-half miles east of that city.

A revolver with one cartridge fired was found in the car from which the negroes were taken. Three one-half pints of branded whiskey were found on the men also. The negroes told a confusing story to the police when questioned as to where they had been.

Robbins was called from his bed early this morning by detectives and the police, who had forced the negroes from the train. The detectives and Robbins started from car to car, looking for the liquor, when the negroes suddenly shot Robbins through the heart. The negroes jumped from the train and hid in the woods nearby.

When the train started the negroes are thought to have boarded again and come on to Indianapolis with their liquor. The negroes arrested claimed Indianapolis as their home.

Surviving Robbins are a widow and a son.

Robbins was well known here, having had frequent dealings with Sheriff Jones, Chief of Police Seward and members of the Rushville police force. It was only a few days ago, Sheriff Jones recalled this morning, that Robbins was here on an investigation relating to a Big Four robbery.

The sheriff was called at 3 o'clock this morning, he said, and warned to watch for the negro who is alleged to have killed Robbins. It was thought that he might be in this vicinity because the Greensburg police chased him towards Rushville and then lost trace of him, but the above dispatch indicates that the one who was guilty of the shooting boarded the train again.

## URGE WILSON TO REMOVE BURLESON

**Prominent Democratic Leaders in  
Boston-Cable President as  
Outgrowth of Strike**

### WRECKED PARTY, THEY SAY

Boston, April 17.—Prominent democratic leaders today cabled to President Wilson, calling upon him to "remove Burleson" and thereby settle the telephone strike.

The cable follows:  
"Burleson wrecked party, remove him and settle strike."

Between 16,000 and 20,000 operators and other telephone employees are on strike in New England today.

It was openly predicted in many quarters today that if a settlement is not reached in a short time, a general strike of all laborers may be called.

## 1,000 IS SET AS THE GOAL

**Special Easter Services For Chris-  
tian Sunday School.**

The Easter spirit is rife among the workers of the Main Street Christian Bible school in their efforts to make next Sunday morning's service a high water mark in its history. As, in the springtime, all nature evinces a wakefulness from the lethargy of winter, so is the school making every laudable endeavor to reach its Easter goal of 1,000 in attendance. Every class is hard at work, a splendid program including fine musical numbers is being prepared and altogether a sumptuous treat is in store for all those who attend. The Bible school begins at 9:15. Special programs will also be rendered at both services of the church.

## BROTHER OF ED. PERIN LOSES LIFE IN RIVER

**Earl Perrin of New Orleans Drowns  
in Mississippi When Boat is  
Hit by Tug and Capsizes**

### HIS BODY IS NOT RECOVERED

Word has been received here of the death of Earl Perrin of near New Orleans. Mr. Perrin as a brother of Edward Perrin, superintendent of Pinnell-Tompkins Lumber Co. planing mill. The message received by wire revealed that Mr. Perrin and two other men were on a skiff on the Mississippi river, which was struck by a tug and capsized. Mr. Perrin was drowned but the fate of the other men was not learned. It also stated that the body had not been recovered and probably would not be.

The deceased was born in Columbia, Fayette county, and was thirty-six years of age. He was employed as a ship carpenter and it was thought that his trip on the skiff was in the line of duty. He is survived by a widow, three children, three brothers, Fred and Perry of Connersville and Edward of this city, and one sister, Mrs. Charles Myers of Connersville.

## ROUND ROBIN ISSUED BY G. O. P. ASSOCIATION

**Protest of 39 Senators Against  
League Called "Second Declara-  
tion of Independence."**

### SIGNATURES ARE INCLUDED

(By United Press.)

Washington, April 17.—Under the caption "Second Declaration of Independence," the Round Robin, which presents the views of 39 senators and senators-elect, all regarded as opposing the league of nations in the form proposed, was issued today by the Republican publicity association.

It is apparently lithographed, bearing all the signatures of the senators; then the text of the resolution that the league of nations, as submitted "should not be accepted by the United States," closing with the signatures of the senators.

"In preparation of this," the Republican Publicity association announced it had "endeavored to give the prominence it deserves." The first declaration gave freedom to 3,000,000 American colonies, the second declaration preserves that freedom to 110,000,000 American citizens, freedom not only from future domination by the nations of Europe and Asia but freedom from the very present menace of autocratic control of the legislative department of the government by the executive, it said.

## EACH MEMBER HAD SONS IN THE WAR

**Committee is Named to Represent  
Rush County at Indiana's Wel-  
come Home Celebration**

### APPOINTED BY T. M. GREEN

**Large Crowd is Expected to go From  
Here For Biggest Event in the  
State's History**

T. M. Green, chairman of the county council of defense, today announced the names of the members of the committee of twelve which will represent Rush county at the homecoming celebration for Indiana's war heroes in Indianapolis on the occasion of the return of the Rainbow division.

The committee represents eight of the twelve townships in the county and is unique because of the fact that every member had one or more sons in the service, and some of them were wounded. Mr. Green is a member of the committee on instructions from the state organization in charge, which requests that the county chairman himself act with the committee.

Mr. Green was mailing out letters today to the appointees, notifying them of their appointment. He informed them that their names had been sent to Indianapolis and that they would be notified from there of the date they were expected to be in Indianapolis for the Welcome Day ceremonies.

The committee is composed of the following men: Lieu Oneal, John C. Blackledge, Charles J. Cagon, the Rev. C. J. Bunnell and T. M. Green of Rushville, Elmer Hutchinson of Arlington, Jesse Shelton of Manilla, Samuel B. Kirkpatrick of Center township, Rice Hill of Carthage, David O. Alter of Orange township, Ed Laughlin of Falmouth and Wiley McKee of Milroy.

It is expected that the attendance from Rush county will be large at the celebration as it will be one of the biggest events in the history of the state. Today's Indianapolis newspapers announce that a fund of \$100,000 is assured to pay the expenses of the celebration.

To dispel any impression that may still remain in the minds of Hoosier citizens that the Welcome Home celebration now being planned is exclusively in honor of the Indiana heroes who are returning with the 150th Field Artillery and Base Hospital 32, Mayor Charles W. Jewett of Indianapolis has issued a statement in which he sets out most emphatically that the celebration is to do honor to every Hoosier who wore the uniform of the army or naval forces, whether at the battle front, in the beleaguered naval zones, at the training cantonment, or at the naval training station.

"Some people are still under the impression," said the mayor, "that the Welcome Home celebration which is now being planned, is in honor of some special unit or regiment. This is not the case. The plan as originally laid out is now being followed, which is to have this occasion one grand welcome for all of the soldiers and sailors who were in the uniform of the government irrespective of what units they belonged to."

"The welcome will be the greatest occasion that Indianapolis has ever had, and will be for each and every soldier and sailor who was in the service. Thousands of boys have come back from service in the army or the navy without any official welcome. These boys drifted back into civil life without any demonstration on the part of the public simply because they have come home singly and detached from their units."

12 YARDS KILLED

Brest, April 17.—Twelve Americans and eight French soldiers were killed and 56 injured in a rear-end collision of troop trains bound for this city today. The collision occurred about 10:00 a. m., west of Le Mans.

EXTRA WEAR FROM SHOES

A year ago I had my shoes resoled with Neolin Soles. The soles are still in service, and it looks as if I would not be able to wear them out, because the uppers are going first," said W. C. Dickinson, of New Haven, Conn.

Good repair shops everywhere carry these tough and durable soles. See for yourself how long they last by having them put on a pair of old shoes. Or if you are in need of new shoes, buy them with Neolin Soles. They cost no more than shoes that give less wear, and you need fewer pairs. They come in many styles for men, women, and children.

Neolin Soles are created by Science to be comfortable and waterproof, as well as long-wearing. They are made by The Goodyear Tire & Rubber Co., Akron, Ohio, who also make Wingfoot Heels—guaranteed to outwear all other heels.

Rushville Banks Report Several Large Volunteer Subscriptions To Liberty Loan

EXPLAIN 4TH ISSUE INTEREST

Rushville banks hope to have made substantial headway on Rush county's quota of \$825,000 on the Victory Liberty loan, by Saturday night, the eve of the opening of the campaign. Several large volunteer subscriptions have been made here and a number are reported by other banks in the county. Canvassers are in possession of their supplies ready to begin work Monday.

There has been some misunderstanding among owners of bonds of the fourth issue regarding the amount of interest received. Bankers stated today they did not get as much as expected because the first interest fell due a few days before the end of the first six months.

WILL HELP DRAFT THE RAILROAD BILL

Senator Watson Will go to Washington After Speaking Tour Lasting Remainder of Month

IS CANDIDATE FOR SENATE

Senator James E. Watson, who addressed the annual meeting of the Indiana Manufacturers Association in Indianapolis yesterday afternoon on the railroad question, will make several speeches this month before returning to Washington, where he will remain until a special session of congress is called. He will employ his time while in Washington in collaborating with other senators in drafting a railroad bill. Senator Watson is a member of the interstate commerce committee, which has this duty to perform.

Senator Watson reiterated while in Indianapolis that he was not a candidate for the presidency, but that he would seek the republican nomination for senator from Indiana.

His first address of the series he will deliver will be at Crawfordsville tonight on the league of nations. He will speak tomorrow night at Frankfort, Saturday afternoon at Seymour, at Peru Monday evening, at New York City the evening of April 23, Albany, N. Y., the evening of April 26 and Bridgeport, Conn., April 29.

Autobiography of a Hog, No. 3

"Jesse buttoned not up his mouth, instead he told the Boss a heluva lot about hog feeding and hog care. 'Tis this a way," he said, "never kick or throw at your porkers. Give them plenty of clean water and if you have a wallow have a decent one. Provide shade in summer and shelter the year round. If possible use self-feeders. They save feed. Dry feeding increases digestibility. The cafeteria style saves labor. Patterning hogs should have their feed at mouth. A hungry hog is discontented—avoid it."

MAY SIGN PEACE

Continued from Page One  
 the terms of the armistice.

Great Britain—Premier Lloyd George, in his address to parliament yesterday, made plain that the allies had reached a complete understanding "on the great fundamental peace question." The British are in favor of a quick peace.

France—The country is strongly behind the peace settlement so far as arranged, as shown by the vote of confidence in the present government, passed by the chamber of deputies, 324 to 166.

Italy—The Italian delegates apparently continue to stand behind their territorial claims, based on the pact of London, reiterating their threats that they will withdraw unless awarded Fiume. In this connection America insists that all secret treaties were nullified by ratification armistice terms, but expresses the belief that Italy's aspirations will be settled without a rupture.

Japan—The Japanese have received no reply to their cable in Tokyo asking instructions from the Japanese government but are expected to bring up their racial equality question in the league of nations covenant at the next plenary session.

**What is Bolshevism?**  
There is a dispute among philologists concerning the meaning of the word "bolshevism." As the word "Bolshe" means "larger" and "men-she" "smaller," it is usually inferred that a bolshevist is one who favors government by the majority, and that a menshevist is his political antithesis.  
But a scholar of long residence in Russia says that the word "bolshevism" means the larger or more extreme interpretation of the socialistic doctrines of Karl Marx. This reconciles the derivation of the word with the fact that the bolshevists are by no means in the majority. Eighty percent of the Russian population gives them no recognition. The bolshevists are mostly city laborers who have given up laboring and entered the army, where they are much better fed and clothed. They constitute, in fact, a military despotism of the type that existed under the Czar, but not as well systematized.  
The fact that the soviet army runs into seven figures is therefore of no value as a test of the political leanings of the total population. The bolshevist party includes the army, and practically coincides with it. Manufactured product and accumulated capital on which the regime exists is not exhausted, but none is being developed. Nothing much is being manufactured. New raw material is not being gathered. Depreciation and depletion must develop into exhaustion. And when no fuel left the fire must die. And after that what? A practical, systematized despotism—czardom in fact? Or democracy?  
These questions would have little

ies in all retail establishments. The retail trade has responded to the Government's call in a most gratifying way, and already many large retail associations, some of which have as many as 2,000 and 3,000 branches scattered throughout the country, have set about establishing these savings societies in each of their branches. Retail men are asked to align themselves with the Government in its campaign on the grounds that public thrift is of untold value as a stabilizer of business.

W. S. S. Campaign Designed to Promote Thrift as Permanent Habit Among People  
PLENTY OF CAPITAL IN U. S.  
Will Help Loan Because it Increases Number Who Practice Wise Spending

Indianapolis, Ind., April 17.—The 1919 W. S. S. Campaign will in no way interfere with the Victory Liberty Loan drive. This was the statement today of Postmaster Robert E. Springsteen, director of the Indiana War Savings Committee, on returning from Washington where he conferred with officials at the head of the national campaign. The W. S. S. campaign, he said, is designed to secure the long continued and steady sale of stamps and certificates, to promote thrift as a permanent habit among the American people. Mr. Springsteen's statement follows:  
"Our appeal is to the enlightened self interest of the investor and to the motives of good citizenship. The Victory Loan, on the other hand, is properly being conducted to the appeal of war patriotism, with the object of securing a large sale within a short time. We feel that the Victory Loan organization and the War Savings committee should have the same feeling of friendly co-operation that has characterized the relations between the savings committee and savings banks and thrift investment companies.  
"There is plenty of capital in this country available for investment in both government funds and in the various commercial and industrial securities which are necessary to the development of business during the period of readjustment following the war. The problem is not to secure for investment in government securities a large portion of a limited fund, but is rather by means of thrift education and by impressing upon the people the value of intelligent savings and wise investment, to increase the amount of available capital.  
"The Savings Campaign will help the Victory Loan because it increases the number of people who practice wise spending, intelligent savings and safe investment."  
Mr. Springsteen announced that reorganization of the State Committee for 1919 is well on its way to completion. Every postmaster in the state, every county and city school superintendent will be a part of the organization.  
A new division is being planned to organize War Savings Societies all over Indiana and a Woman's Division also is planned.

# EXPECTS TO GO BACK TO FRANCE

Private Ed Cooning One Soldier Who Will Return When He Gets Into Civilian Clothes.

LETTER RECEIVED FROM HIM

Says he Will Receive His First Gold Stripe on the Seventeenth of Next Month.

According to word received by relatives here from Private Ed Cooning there is at least one Rush county boy who expects to return to France after he is discharged and has become a civilian. The letter was received by his sister, Mrs. Arthur Morse of Huntington, and was sent here to his parents. He also stated that he was receiving mail regularly, the first letters received for several months.

A part of the letter is given herewith: Mother's letter of March 5th, just reached me, telling me of your illness. I am glad you are getting along alright and hope that you have completely recovered by this time. This letter received from mother was the first one received for several months. I wish you could come over here sometime and see some of the most interesting sights. Maybe you can some day. I will tell you all about it when I come back.

It is my intentions right now to come back here and see all of Europe when I get in civilian life. I get my first gold stripe the 17th. of next month. There will be very few from my regiment wear them so that is some consolation for my staying here. I have an easy time here so don't worry about me. I believe I will be home before long and then tell you all lots of things and then you can ask questions by the millions.

"It has been very warm here all winter, it rains most every day, the grass is green the year round and when the sun shines it reminds us of spring in the U. S."

He closes hoping that it will not be very long until he is privileged to start for home. Private Cooning went overseas with the sanitary detachment of the 139th Field artillery, but on account of illness, did not remain with the unit.

# LETTER IS SENT TO WATSON BY QUAKERS

Ministerial Association of Richmond Addresses Letter Concerning Stand on League.

# THEY APPROVE PRINCIPLE.

Richmond, Ind., April 17—The Ministerial Associations have addressed a letter to Senator James E. Watson, who recently spoke here, concerning its stand on the league of nations and approved of it. The letter was read at a meeting of the association Monday night and was forwarded to the Indiana senator.

At the last meeting of the association, the ministers discussed the league and expressed their approval of the principle but were of the opinion that the covenant should be changed. A committee appointed to write Senator Watson is composed of the Rev. E. E. Davis, chairman; J. J. Rae and A. F. Mitchell. Chairman Davis of the committee announced that nothing concerning the letter to Senator Watson would be made public until Watson received the letter.

# Taking the Chase Out of Purchase

Advertising benefits the man who buys as well as the man who sells. It is part of the Golden Rule of Business and it works both ways.

Don't miss the advertisements in this newspaper. Many of them are interesting just because of their news and educational value alone.

But more than that: Advertisements take the chase out of purchase and make every penny do its full duty.

This last statement is one particularly to be remembered when common-sense economy is not only a national duty but an individual necessity.

Mr. and Mrs. B. S. Martin of Raleigh entertained Mr. and Mrs. Ed Jackson. Mrs. Harold Reeve and Miss Brooks at a six o'clock dinner party yesterday evening.

An informal dance was given last night at the home of Mr. and Mrs. Owen L. Carr in honor of the Indiana University glee club, following the concert at the Graham Annex auditorium.

The Mahoning Council will hold their regular meeting Friday night in the Red Men hall in West First street. At this time the six months' contest will end with a large class adoption. Each member is requested to bring a tie.

Thomas A. Ross celebrated his 86th birthday anniversary in a quiet way at the home of his daughter, Mrs. Loyd A. Wagoner, near Gowdy, yesterday. "Uncle Tom" as he is familiarly known, is enjoying good health, and received many callers during the day.

The Band of Workers of the First Presbyterian church were entertained yesterday afternoon at the home of Mrs. Bert Mullin in North Perkins street. After the regular program the afternoon was spent sociably at the close of which the hostess served light refreshments.

Floyd A. Breckenbridge and Miss Margaret Gardner were quietly married yesterday afternoon at 2 o'clock at the home of the Rev. C. J. Bunnell. The couple left this afternoon for Bradford, Ohio, where Mr. Breckenbridge is employed. Mr. Breckenbridge was recently discharged from the military service after several months in France.

Members of the War Mothers club met yesterday afternoon at the home of Mrs. Charles Moore in North Section street. The afternoon was devoted to the regular program, but on account of the illness of Mrs. John Blackledge the business session, at which the officers were to be elected for the coming year, was postponed until the next meeting. A social hour followed the program.

John Neutzenhelzer, son of Mrs. Mary L. Neutzenhelzer, entertained a few of his little friends last evening, with a six o'clock dinner party, honoring his eighth birthday anniversary. The table was centered with a birthday cake with eight pink candles and candles with pink shades were the only lights for the dining room. Covers were laid for Fay Louise Boxley, Margaret Doyle, Joel Harold and the little host, John Neutzenhelzer.

Word has been received here of the marriage of Miss Ethel McFadden, formerly of near Gings Station, and George W. Linville. They were quietly married at the home of the Rev. J. W. Allen, pastor of the Ben Davis, Ind., church, Wednesday evening, April 2, at 8 o'clock.

Mr. Linville was formerly pastor of the Ben Davis church. He is a graduate of DePauw university and saw service overseas with the Y. M. C. A. Mrs. Linville is a talented musician. Mr. and Mrs. Linville left immediately for Middletown, Ohio, where they spent a few days and then went to Chicago, where Mr. Linville is connected with the Y. M. C. A. They will make their permanent residence in Chicago.

Andrew M. Thompson celebrated his 90th birthday yesterday at his home near Gowdy, with a pitch dinner. The table was adorned with a beautiful bouquet of Easter flowers, presented by Miss Mary S. Ward. The following relatives and friends were present: Green Thompson, William Thompson, Henry Hangerford, Virginia Boring, Cash Patterson, Mrs. Mary H. Ward, Mr. and Mrs. P. J. Wagoner, Mr. and Mrs. E. E. Hangerford, Mr. and Mrs. I. N. Desinger, Mrs. Grant Miller, Marshall Stewart, Mrs. Jack Morgan, Mrs. Arthur Weidner and children, and many others.

Watson Miller, Clay Pattison, Mrs. Elmer Kellam and daughter, Loretta. Mr. Thompson was born near New Salem, and has lived in this county all of his life, except a few years he spent in Shelby county. He is in good health and enjoys the company of his friends. His memory is remarkably well for a person of that age and he likes to read the newspapers and keep in touch with all events.

Hiram S. Bell of near Gings Station Dies Following Illness of Three Weeks Duration.

### FUNERAL SERVICES FRIDAY.

Hiram S. Bell, age 77 years, died at his home near Gings station last night at 7 p. m. following an illness of three weeks, having been in failing health for the last four years. He is survived by three daughters, Mrs. Martha Grindle, Mrs. J. D. Case, Mrs. Elmer Hires, and one son, Minor Bell of Union township, the widow and three grandchildren. Mr. Bell was well known in this county, having been a resident here for the last forty years, moving to Union township from Scott county, Ky. The funeral services will be held Friday afternoon at two o'clock at the Plum Creek church by the Rev. A. Burns and burial will be made in East Hill cemetery.

## CONCERT ENJOYED BY A BIG AUDIENCE

Indiana University Glee Club Pleases With Musical Entertainment at Graham Annex

### DWIGHT VANOSDOL POPULAR

School Clears About \$56 Which Will be Used to Purchase Additional Stage Furniture

The Indiana University glee club gave a high class entertainment last night in the Graham Annex auditorium to a large crowd. The enthusiasm of the young people added a great deal to the performance.

The concert opened with the glee club singing, "Just a Song at Twilight," which assured the listeners that they were sure to hear something during the evening well worth their while. Frank Reed played two flute solos which were greatly appreciated, judging from the amount of applause given him. The glee club then sang "Allah's Holiday," followed by a vocal solo by Robert Daily, entitled "Love Bells."

Two Black crows furnished a great deal of amusement during the evening with their catchy songs and practical jokes. Johnnie Johnson was among the favorites of the evening with his piano solos, playing several imitations of popular songs.

Dwight VanOsdol followed with a steel guitar solo which was the favorite number of the evening.

Mr. VanOsdol, who is the son of Dr. and Mrs. D. D. VanOsdol was a graduate of the local school and is well known in this city and had been willing, the audience would have kept him busy all evening playing for them, judging from the repeated efforts to get an encore. "We Love You Indiana," and several Indiana college songs closed the evening's entertainment.

The concert was given under the auspices of the school and yielded between \$55 and \$56, which will be used to buy more equipment for the auditorium stage in the way of furniture. One of the articles which will likely be purchased is a suitable table which may be used for home talent productions as well as public meetings of every character which are held at the auditorium.

### EACH MEMBER HAD SONS IN THE WAR

Continued from Page One and the 150th Field Artillery are the last of the large units, made up exclusively of Indianapolis and Indiana men, to return. Therefore, their arrival affords a fitting opportunity for a general celebration of welcome to all Indiana men in service.

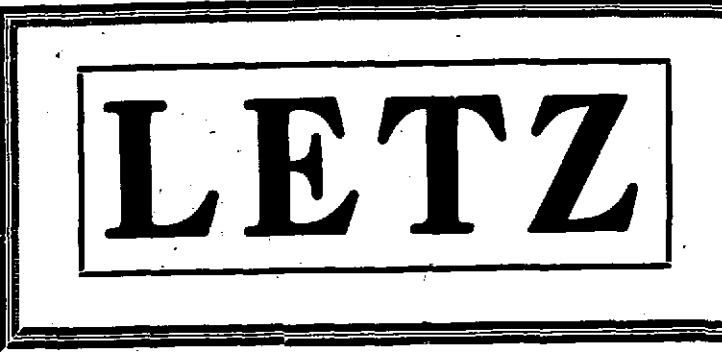

"The welcome is also to include men from cantonment camps and naval training stations, men who were in the thick of battle, and men who were overseas but did not participate in battle. In other words, no one will be left out of the largest celebration Indiana has ever had.

cured a number of broom handles and enough discarded bale wire to form a very satisfactory trellis upon which the peas were trained.

Tomatoes trained to a single stem and tied to stakes not only ripen fruits earlier than those left upon the ground, but the fruits themselves are of better flavor; and, because they are cleaner and more convenient for gathering. By pruning and tying to stakes a much larger number of plants can be placed on a given area. Also plants, such as lettuce, early cabbage, radishes, and beets, can be grown in the spaces between the tomato plants.

Many people prefer the bush type of Lima beans to the pole varieties, because no poles are required for the bush kinds. It has been found, however, that under most circumstances the pole Lima beans are preferable, because they can be trained on strings or wires attached to a fence or in case the fence is of wire the beans can be trained on the fence itself. By the use of poles or a trellis of strings or wire the beans are carried up off the ground and occupy less space than do those of the bush varieties. The same is true of a number of garden crops.

If the garden is small and there is not room to grow the vine crops on the ground, they may be trained to the south side of a fence or even upon the side of a building, so that they really occupy very little of the actual garden space. Where it is desired to have some kind of a screen or shade over the back porch, there is nothing better than pole Lima beans, as they form a perfect screen that will last throughout the summer and at the same time give a supply of fresh beans for the table. A little study of the habits of the various crops will enable one so to arrange the garden as to get the maximum production without sacrificing quality or convenience in its cultivation.

By proper arrangement of rows and the grouping together of crops of similar nature, the work of caring for the garden is greatly reduced. For instance all such crops as carrots, parsnips, salsify, onions, beets and turnips that require very little space between the rows should be grouped in one part of the garden. Those that grow larger should be given another place and those that cast considerable shade should be placed at the north side of the garden, where they will not shade the small crops.

Another special facility for the garden consists of a line of perfor-

USEFUL IDEAS HELP

GET GARDEN RESULTS

Where the garden is handled in an intensive manner, there are a number of facilities that may be provided without much extra cost, but which reduce the work of caring for the crops.

For instance, by providing supports for certain crops about double the number of plants can be

trained that they be given something to climb upon. Brush, if brush can be procured for this purpose, should be on hand and ready for use when the peas are planted.

As a rule, brush cannot be secured in town, so it will be necessary to use some other form of support. Wire poultry netting 18 to 24 inches

grown on a given area, it is pointed out by specialists of the United States Department of Agriculture.

Certain varieties of early peas do not necessarily have to be provided with brush or any kind of support to climb upon, but they will do better and yield more if given a support. With the alter peas of the telephone or tall-growing variety it is essen-

## Rheumatism Leaves You Forever

Deep Seated Uric Acid Deposits Are Dissolved and the Rheumatic Poison Starts to Leave the System Within Twenty-four Hours.

Every druggist in this county is authorized to say to every rheumatic sufferer in this vicinity that if two bottles of Allenru, the sure conquerer of rheumatism, does not stop all agony, reduce swollen joints and do away with even the slightest twinge of rheumatic pain, he will gladly return your money without comment.

Allenru has been tried and tested for years, and really marvelous results have been accomplished in the most severe cases where the suffering and agony was intense and pitiable and where the patient was helpless.

Allenru relieves at once. Immediately after you start to take it the good work begins. It searches out the uric acid deposits, dissolves the secretions and drives rheumatic poison out of the body through the kidneys and bowels.

It's marvelous how quickly it acts. Blessed relief often comes in two days, and even in cases where the suffering is most painful all traces disappear in a few days.—(Adv.)

## TO START SOON ON A TOUR OF THE COUNTRY

Mrs. Carlton Will Try to Form One Big Organization of all Relatives of Soldiers.

### TO TAKE FORM IN BALTIMORE.

Indianapolis, Ind., April 17.—In a few days Mrs. Robert Carlton Morris, Toledo, president of the War Mothers of America, will start on a tour of the country to interest the various organizations of the country in a project to form one big national organization of all the women relatives of men and women who were in active military service in the world war. It is proposed that this organization take form at Baltimore in October when the annual convention of the War Mothers of America will be held.

Aside from the tour of Mrs. Morris, the proposed organization will be promoted by a magazine to be called "The Service Star" and published here by the mothers of America. The first number of the magazine will be off the press about June 1. It will contain a statement of the proposed plan of the organization, invite suggestions for a name and act as a central bureau of information for the collection of ideas and the formulation of a written program for the activity of the organization. Several names have

been suggested for the proposed organization, among them being the "League of the Service Star." At present there are organizations in every section of the country, all affiliated in spirit, but working independently for lack of a means of co-operation. The new organization and the magazine are intended to furnish means.

A one-thousand-acre farm in the heart of a big city would be considered an extravagance and its operation poor business, but there were thousands of acres of gardens right in large cities of the United States last year, "and they proved the best-paying propositions ever thought of" said a garden specialist of the United States Department of Agriculture recently.

## RED BLOODED PEOPLE LIVE THE LONGEST

Red blooded people retain their youth and vigor until late in life because red blood ages slowly.

A child with impure blood seems old, while an old man with pure red ironized blood seems young.

Impure blood clogs the system with waste matters, rapidly ageing body, mind and spirit.

Pure blood is red blood, rich in iron and phosphates with power to rid itself of waste matter and able to carry life-giving oxygen to every cell and nerve. It makes both young and old bright, happy, keen, and interested in life. This is the blood you need, every day of your life, the rich red blood made by pure food, fresh air, restful sleep and "Phosphated Iron" the red blood and nerve builder.

Phosphated Iron enriches your blood and nerves, putting them in shape for work. Improves your color, increases your appetite and gives you strength, vigor and power to enjoy both work and pleasure, makes you feel like doing things once more.

Phosphated Iron is prescribed by leading doctors for all who are worn out, run down, nervous, weak and thin blooded people in all walks of life; they have learned to depend on it for honest results.

Special Notice—To insure physicians and their patients receiving the genuine Phosphated Iron, we have put in capsules only, so do not allow dealers to substitute pills or tablets, insist on the genuine, in capsules only.

## CONDITION OF CHAOS GREATER THAN PRESENT CANNOT BE IMAGINED

Christianity Has Greatest Opportunity or Danger.

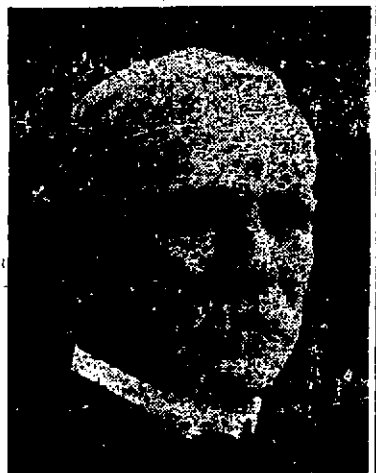

Bishop Anderson at Cincinnati Convention Declares It Not Strange Bolshevism Should Have Come Out of Russia. Enduring Peace Only on Christian Basis.

Cincinnati, April 12.—"Such a day of opportunity has never dawned in the history of the world," declared Bishop William F. Anderson of the Methodist Episcopal church, addressing a large Centenary audience at a southwestern Ohio convention, closing here Friday evening.

Bishop Anderson, who is in charge of the Methodist field in Ohio, Indiana and Kentucky, has spent several months in Europe and North Africa as a member of a commission surveying the results of the world war and the opportunities growing out of present conditions. He returned to the United States last week.

"Humanity, with a dim but growing vision of God before its eyes, is coming to its own. It is such an opportunity for the Christian forces as has never before dawned in human history," said Bishop Anderson, continuing: "Grasped and wisely directed, this situation may be made to carry civilization a thousand years toward its far-off divine goal within this generation: forgotten or neglected, and the forces of progress will drag wearily on, ending in the defeat of Christ's redemptive purpose for years and years to come."

"It is as clear as anything can be that the well-being of the future of

BISHOP ANDERSON.

manhood is absolutely dependent upon the application of the interpretation of life, which regards it as a sacred trust from God to be consecrated to moral and spiritual purposes," declared the bishop.

"One can not contemplate the condition of European nations today without recurrence in this thought to that description of the physical world contained in the first chapter of Genesis. 'The earth was without form and void and darkness was upon the face of the deep.' A condition of greater chaos than now exists could hardly be imagined. Victorious armies that stand for the principles of democracy and the conclusions of peace conferences—if they arrive at conclusions—afford temporary relief, but the basic principle of society is the Christian principle of service.

"It is not strange that such a movement as Bolshevism should have come out of Russia," said Bishop Anderson. "Russia has been brutally victimized. The victory of Germany over Russia was not a military victory. It was a victory of deception and chicanery. The Russian soldiers had nothing to fight with but stones and sticks and their fists. Is it any wonder that they became desperate? 'Russia needs a rational rallying point; needs sympathy and direction. The immediate solution of these problems from a militaristic point of view is in the hands of the strategists of the allied armies. But the remedy which comes from the long look at the conditions of Europe is not militaristic, but moral and spiritual.'"

Bishop Anderson declared that the Methodist Centenary movement had been born to furnish the principles of permanent and enduring peace in the gift of the gospel to men and nations. "The problem of life is too much for human thinking and human endeavor. Christ alone is adequate to the situation," he said.

Twenty-five million of the hundred and fifteen million to be raised by the Methodist Episcopal church in its Centenary movement is to be devoted to war reconstruction work in Europe. Forty million to religious and civic work in the United States and forty million to carrying the Christian message of brotherhood and enlightenment to the hundreds of millions who now possess no conception of these ideas.

Out of the Centenary has grown an interchurch movement, with similar aims, but including practically all Protestant denominations.

SYDNEY G. GUMPERTZ, First Sergeant, Company E, 132nd Infantry.

Sergt. Gumpertz was decorated for gallantry beyond the call of duty in action in the Bois de Forges, France, September 26, 1918. When the advancing line was held up by machine gun fire, Sergt. Gumpertz left the platoon of which he was in command and started through a heavy barrage toward the machine gun nest. His two companions soon became casualties from bursting shells, but Sergt. Gumpertz continued on alone in the face of direct fire from the machine gun, jumped into the nest and silenced the gun, capturing nine of the crew. Sergt. Gumpertz's home is at 701 West 178th street, New York city.

## Little New in Warfare.

The use of asphyxiating gas is a very ancient device. Smoking out the enemy was one of the regular maneuvers of war in antiquity, says the Scientific Monthly. Polybius relates that at the siege of Ambracia by the Romans under Marius Fulvius Nobilior (B. C. 189) the Aetolians filled jars with feathers, which they set on fire, blowing the smoke with bellows into the faces of the Romans in the countermines. At the great naval battle fought in the waters of Ponza between Alfonso of Aragon and Genoa in 1435 the Genoese carried vessels filled with quicklime and red-hot clinders, the smoke from which was blown by the wind against the enemy. Leonardo da Vinci, who among his many other accomplishments was a notable military engineer, suggested the use of poisonous powders, such as yellow arsenic and verdigris, to be thrown from the topmasts of ships so as to choke the enemy. This formed a part of the war instructions given by Leonardo to the republic of Venice in 1499, when the Turks had passed the Isonzo and threatened St. Mark's.

TAKE

PEPSINCO

Sometimes in front just under the heart, sometimes around under the left side, under the ribs behind the heart it's a sharp or acute pain; sometimes a dull heavy pain, leaving soreness. It's gas on the inside generated through gaseous foods, or, because of systematic inability to properly assimilate the food, this gas soon collecting, forms a lump that causes the pain. This is only one of a dozen different indications of indigestion which PEPSINCO immediately relieves. Keep PEPSINCO handy and take it the next time.

Ask your druggist—he sells and recommends Pepsinco.

AREA OF DETAILED MAPPING

Notwithstanding Interruptions by War, Larger Amount Was Covered in Year of 1918.

(Prepared by the United States Department of Agriculture.)

Notwithstanding a certain amount of interruption due to war conditions in the work of the soil survey carried on by the bureau of soils of the United States department of agriculture, a larger area of detailed mapping was done during the fiscal year 1918 than during the preceding year, the area covered amounting to 33,136 square

Plane table Used in Soil Survey for Constructing Base Map.

miles. Prior to 1918 a total of 445,825 square miles had been mapped, so that the total area covered by the detailed work of the survey at the close of June 30, 1918, was 483,961 square miles. That part of the United States lying within regions where the rainfall is sufficient for crop production or where water is available for irrigation covers approximately 1,750,000 square miles. The area mapped in detail during 1918 was equivalent to 2.2 per cent of this area, the total mapped in detail to date 27.6 per cent, and the total, both detailed and reconnaissance work, much of the latter area calling for no further work, amounted to 54.3 per cent of it.

TREES FOR ROAD PROTECTION

Active Steps Taken by New York Organizations for Development of Planting Scheme.

(By PROF. R. E. FAXON, State College of Forestry, Syracuse, N. Y.)

Believing that the problem of roadside planting should not be entirely set aside during the movement for a greater mileage of improved highways, active steps are now being taken by the New York State Motor Federation and the State College of Forestry at Syracuse for the development of a planting scheme for the section of the highway running from Syracuse to Utica, a distance of about 60 miles.

It has been demonstrated by those in charge of the work that, aside from the purely ornamental value of trees along the highway, many practical benefits would result from their proper use. It is not generally realized that trees, by means of their shade during the summer months, prolong the life of the roadway for many years, and road experts in general are heartily in favor of this means for road protection.

IMPROVEMENT IN WISCONSIN

Ten Million Dollars to Be Spent on Developing Highways in Badger State in 1919.

Ten million dollars will be spent on developing, improving and patrolling the highways of Wisconsin during 1919.

This announcement was made by A. B. Hirst, state highway engineer, who explained that the increase, an amount almost double that spent in former years, was because \$2,500,000 was left over from last year and also to furnish an opportunity for employment of returned soldiers and sailors.

"Approximately \$7,000,000 will be spent in developing new roads, and about \$3,000,000 will be used to patrol the state trunk highways. The money will come from federal, state and county sources.

The senate committee on highways is considering a bill to allow counties to institute trunk lines and to raise the present limit of 5,000 miles of federal aid roads in the state.

GOOD ROADS AID TO SCHOOLS

Higher Attendance of Children Shown by Government Survey After Improvement Made.

A survey made by the government of the effect of good road building on school attendance in eight counties shows that before the roads were improved the average school attendance was 65 pupils to each 100 enrolled, as compared with 76 after the roads were improved.

DISCUSS MARKET ROADS.

Indianapolis, April 17—Extension of market highways was discussed here today at a meeting of the boards of commissioners of Central Indiana counties. The seven counties adjoining Marion county and the board of Madison county were represented at the meeting at which the question of projecting highways into counties adjoining Marion was taken up.

HE ESCAPED INFLUENZA

"Last spring I had a terrible cold and gripe and was afraid I was going to have influenza," writes A. A. McNeese, High Point, Ga. "I tried many kinds of medicine, but remained clogged with cold. I then took Foley's Honey and Tar Compound, feeling relief from the first. I used seven small bottles. It was a sight to see the phlegm I coughed up. I am convinced Foley's Honey and Tar saved me from influenza." He is coughs, colds, croup and whopping cough. F. B. Johnson. (Adv.)

**Injunction Suit to Prevent Erection of Explosives Magazine**

The case of Frank H. Sefton vs. Robert Ramer, complaint for injunction with a demand for \$100, has been sent to the Rush circuit court on a change of venue from the Decatur circuit court. This is the case in which an effort was made by Mr. Sefton to enjoin and restrain Mr. Ramer from permitting an explosives magazine for the storage of nitroglycerin from being erected on his farm four miles north of this city and within a short distance of the Sefton home.

The suit is an aftermath of an accident last fall when an explosives magazine blew up on the Ramer farm, causing the death of one man and damage to surrounding property.

**TRY A WANT AD**

**MORE RED BLOOD AND STEADIER NERVES FOR RUN DOWN PEOPLE**

**The World Demands, Strong, Vigorous, Keen-Minded, Men and Women**

It has been said of Americans that they work their habits overtime. Many become nervous and inefficient by overwork. By worry, despondency, social affairs, robbing brain and body of needed rest; excessive use of tobacco, indulgence in strong alcoholic drink—excesses of every kind that burn up the vital powers so necessary in these trying times to make both men and women fit to be of help to themselves and others.

It is time to be temperate in all things. The man or woman with impaired nerves caused by impoverished blood lacks vigor, the ambition, the endurance and the keen mind of those who avoid excesses.

Tiredness, despondency, fear, trembling hands, want of confidence and even cowardliness, are due in a large measure to abused nerves.

People with plenty of red blood corpuscles and strong, healthy nerves have no desire to shirk work and lean on others for guidance and support.

There is hardly a nerve-shattered man or woman (unless of an organic disease) in America today who cannot become alert and clear in mind; vigorous and energetic in body in a very few weeks and at trifling cost.

To become strong and ambitious, to feel that work is not drudgery; to have steady nerves, abundance of red blood and power of endurance; to be not only a man but as men now go, a superman, you must take seven tablets of Bio-feren every day for seven days—and take them faithfully.

Take two after each meal and one at bedtime and after seven days take one only after meal until the supply is exhausted.

Then if you feel that any claim made in this special notice is untrue—if your nerves are not twice as steady as before; if you do not feel ambitious, more vigorous and keen-minded, the pharmacist who dispensed the tablets to you will gladly hand you back just what you paid for them.

Bio-feren is without doubt the grandest remedy for nervous, rundown, weak, anemic men and women ever offered direct through druggists and is not at all expensive. All druggists in this city and vicinity have a supply on hand—sell many packages.

## Picture Shows Demonstration Of Multiple Hitch at Clarksburg

The Multiple hitch which has been demonstrated at two points in Indiana recently—Noblesville and Clarksburg, is arousing considerable interest.

It was in the fall of 1917 that Wayne Dinsmore, secretary of the Percheron Society of America, found as a result of his investigations that New England farmers

plow 8½ acres or 50 acres per month. By attaching a weight to the double-trees the angle of pull on the shoulders of the horses is kept the same for the lead team as for the rear team. The lead team only is driven. The system of tying in and bucking back is so neatly arranged that each horse must do his duty

were plowing about one acre per day per man; Pennsylvania farmers two to two and one-half acres; Illinois and Iowa farmers four to five and one-half; while those in Palouse county, Oregon plowed eight and one-half acres per day.

He found too that the difference in the efficiency of a man was due to the number of horses which he worked, and the kind of hitch used. Prof. T. E. White of the University of Illinois was induced to take up the study of a hitch which would be practical for the small farmers in the corn belt. After experimenting with many kinds of hitches during 1918 he devised the system which is now being demonstrated. Mr. White found that 20 to 30 per cent of the energy of the horses was wasted in side draft by the old hitches which worked too many horses abreast and he corrected this by hitching two-horse teams tandem. The system now in use consists of a system of pulleys which makes it much more difficult for a horse to shirk than with the old lever evener. The system of tying and bucking back so common in the west was also adopted. With the side draft eliminated and the great ease with which the horses work with the new hitch, 6 horses can pull a three bottom plow. If they walk 20½ miles per day they

and no more. The accompanying picture was taken at the Clarksburg demonstration where eight horses were pulling a three bottom plow.

A. F. ADAMS

A. F. Adams is the new head of the Postal Telegraph company, appointed by Postmaster General Burleson. He is president of the Kansas City Home Telephone company.

an artistic way that is unsurpassed in "Sue of the South," which is being shown at the Mystic theatre tonight. Edith winsomely garbed in long silk mits, pantalettes and frills and furbelows of the sunny south, just because her mountain folks were too slow and easy-going to keep pace with the times after the civil war, has a hard role ahead of her when she has to act as the niece of her rich uncle, and incidentally become the champion of the cause of labor in her uncle's factory—a cause to tax any modern, young woman's brains and judgment. But Miss Roberts comes through like a thunderclap. The slow-moving life of the Cumberland mountain home of Sue is far from slow-moving in interest.

Tomorrow Harry Carey in "Roped," a special feature attraction will be shown tomorrow night.

### Amusements

#### Vivian Martin at Princess

Jane Neill was a little girl with a big heart and indomitable courage. When she was suddenly left alone in the world with her younger twin sisters to look after, she faced the situation bravely. This is the beginning of the story of Vivian Martin's new Paramount photoplay, which is being shown at the Princess theatre tonight.

Mickey Donovan, who was quite a capitalist in a small way and ran the "White House" lunch cart on a nearby corner, knew that Jane was the One Girl for him, but Jane was not so sure. So she refused his offer of marriage and went out into the world to make her own living as a stenographer.

Armed with a pad and pencil and large quantities of chewing gum she invaded the aristocratic home of David Lyman, an elderly playwright.

There she met the old man's nephew, Monty Lyman, and soon decided that she was in love with him. Numerous dramatic incidents followed. old Mr. Lyman died, and Monty Lyman, put to the test, proved that he was not the splendid young man that Jane thought him. More and more she compared him with the patient Mickey Donovan, who waited hopefully at the White House lunch cart. And in the end there is a happy reunion between Jane and Mickey.

Tomorrow Fred Stone in "Under The Top," will be shown.

#### Edith Roberts at Mystic

Nothing appeals to the movie-going public more than to see some vivacious, young scamp of a girl changed from one walk of life to another, suddenly, with all the amusing mistakes and bits of clever camouflaging incident thereto. This very thing is done superbly and in
